FAQ

Frequently Asked Questions

1. **Q:** Why videos recorded in SD card can't be read by PC?
   - **A:** This is Tuya patent to protect recorded files by encryption format.
   - **2)** If need to check videos in card, enter App> playback: Select video date, record or screenshot needed moments. Then check at App album.
2. **Q:** What does the device do when Wi-Fi off?
   - **A:** Keep searching Wi-Fi signal all the time; If Wi-Fi on, it will be connected to Wi-Fi automatically.
3. **Q:** Where to get more info about Tuya Smart App?
   - **A:** Pls visit developer.tuya.com, then Documentation> App Development> All-in-One App > Smart Life > User Guide

4. **Q:** What can i do if any problems encounter during use?
    - **A:** Please go to the “Me” menu and find the FAQ & Feedback” to see if you have the same problem. If not, you can report the problem and if you provide as much information as possible, we will process your question and give you an answer as soon as possible.

Safe Battery Handling And Usage

1. Please charge the battery up to 24 hours for the first time use
2. DO NOT allow the batteries to get wet prior to or during installation while your smart home camera is safe to use indoor, but not outside for weather proof.

Special Remark:

- This product is intended for home monitoring purposes only. Please refrain from any illegal use!
