GAMAKAY TK75-HE Hall Effect Wireless Mechanical Keyboard

Product Specifications

- **Model:** TK75-HE
- **Wireless Connectivity:** Bluetooth, 2.4G mode
- **Special Functions:** Multimedia control, Volume adjustment, Backlight customization, Trigger modes

Product Usage Instructions

Wireless Connectivity

To use Bluetooth mode, turn on the power switch and press and hold FN+1/2/3 for 3 seconds to enter pairing mode. The indicator will flash quickly during pairing and stay on for 3 seconds after connecting. For 2.4G mode, press and hold FN+4 for 3 seconds to enter pairing mode with the dongle.

Multimedia Controls

Use the function keys (Fn) in combination with F1-F12 for various multimedia functions such as volume control, playback control, and launching applications.

Backlight Customization

Adjust the backlight settings by using the designated key combinations. You can switch between different light modes, adjust brightness, and change the speed of the backlight.

Trigger Modes

Customize the keyboard's trigger modes by using FN+DEL, FN+HOME, FN+PGUP, and FN+PGDN combinations. Choose between Comfort, Sensitive, Game, or Custom DIY modes based on your preference.
