**GE APPLIANCES**

**GE APPLIANCES GGS60LAVFS 30 Inch Slide-In Gas Convection Range**

## Product Information

The GGS60LAVFS is a slide-in range designed to replace your old 30 free-standing range. It comes with features and benefits that guarantee a perfect fit in your kitchen.

## Specifications

- **Electrical Rating:** 120V, 60Hz, 13A
- **Breaker Size:** 15A

## Product Usage Instructions

### Installation Instructions

1. Provide adequate clearances between the range and adjacent combustible surfaces.
2. Allow 30" minimum clearance between burners and the bottom of unprotected wood or metal cabinets.
3. For island installation, maintain 2-1/2" minimum from cutout to back edge of the countertop and 3" minimum from cutout to side edges of the countertop.
4. Install the required rear trim to the back of the range with the 4 screws provided.

### Usage Instructions

1. Consult installation instructions packed with the product for current dimensional data before installing.
2. Ensure to meet the specified clearances for safe use of the range.
3. For island installation, follow the specified distances from the cutout to the countertop edges.
4. Install the anti-tip device provided with all GE ranges as an important safety measure.

## FAQ

- **Q: What should I do if the range does not fit into my existing space?**

A: If the slide-in range does not fit, GE Appliances will pay up to \$300 toward modifications to ensure a proper fit. Contact GE Appliances for more information.

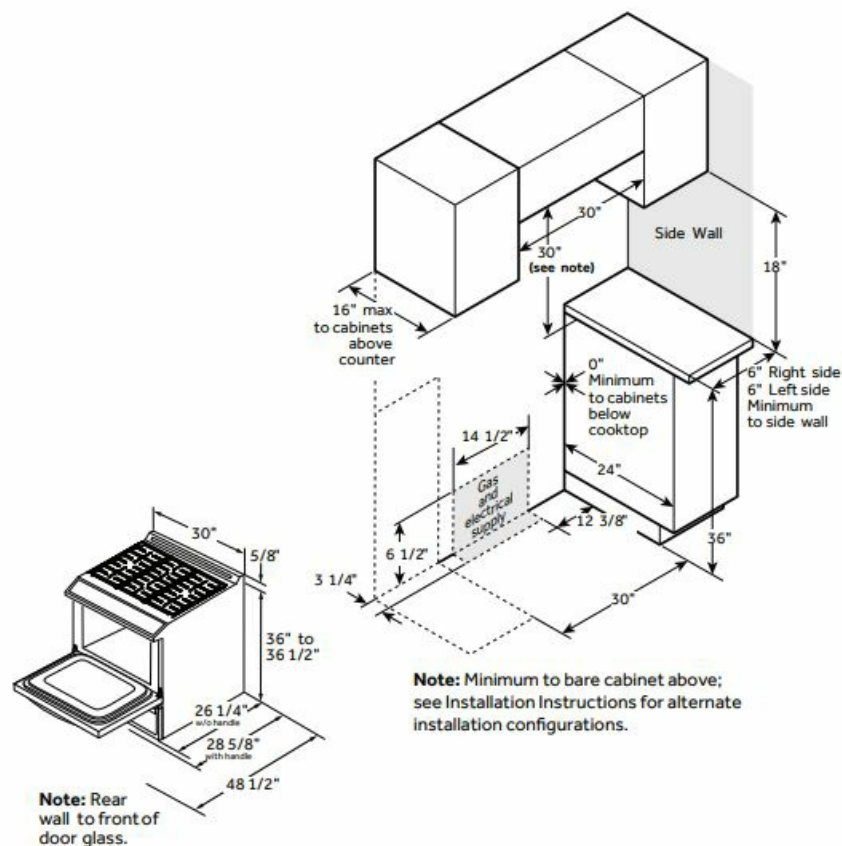

- **Q: How do I ensure safe use of the range?**

A: Follow the installation instructions carefully, providing adequate clearances and installing the anti-tip device to prevent accidents.

## Dimensions and Installation Information

Provide adequate clearances between the range and adjacent combustible surfaces. These dimensions must be met for the safe use of your range.

- Allow 30" (76.2 cm) minimum clearance between burners and the bottom of unprotected wood or metal cabinet, or allow a 24" (61 cm) minimum when the bottom of the wood or metal cabinet is protected by no less than 1/4" (6.4 mm) thick flame-retardant millboard covered with no less than No. 28 MSG sheet metal (.015" [.38 mm] thick), .015" (.38 mm) thick stainless steel, .025" (0.64 mm) aluminum or .020" (0.5 mm) copper.
- Installation of a listed microwave oven or cooking appliance over the cooktop shall conform to the installation instructions packed with that appliance.
- For island installation, maintain a 2-1/2" minimum from the cutout to the back edge of the countertop and a 3" minimum from the cutout to the side edges of the countertop.
- **Note:** The door handle protrudes 3" from the door face. Cabinets and drawers on adjacent 45° and 90° walls should be placed to avoid interference with the handle.
- **Note:** Cabinets installed adjacent to slide-in ranges must have an adhesion spec of at least 194° temperature rating.
- **Installation Information:** Before installing, consult installation instructions packed with product for current dimensional data.
- For all installations, install the required rear trim to the back of the range with 4 screws provided.
- **Electrical Rating:** 120V, 60Hz, 13A
- **Breaker Size:** 15A

## Features and Benefits

- **EasyWash™ Oven Tray** – Oven cleaning is easier than ever with the industry-first EasyWash™ Oven Tray. This enameled tray is easily removed and rinsed clean in the sink or, for bigger messes, guaranteed to fit in all GE Appliances dishwashers.
