## PHS930FLDS 30 Smart Slide In Front-Control Induction and Convection Range

---

## Specifications

- Model: PHS930YP
- Brand: GE Profile™

- Type: Smart Slide-In Induction and Convection Range
- Control: Front-Control
- Finish: Fingerprint Resistant
- Special Feature: No Preheat Air Fry
- Dimensions:
  - Width: 29-7/8 inches
  - Depth: 28-1/4 inches (including door handle)
  - Height: 36 +1/2 -1/4 inches
- Electrical Requirements:
  - KW Rating: 240V 12.5, 208V 10.4
  - Breaker Size: 240V 40 Amps, 208V 40 Amps

---

## Installation Instructions

Before installing the GE Profile™ 30 Smart Slide-In Range, please follow these guidelines:

1. Ensure the electrical outlet is located in the shaded area of the drawing.
2. Maintain a minimum spacing of 6 inches to surfaces less than 15 inches above the cooktop and adjacent cabinets to reduce exposure to steam, grease splatter, and heat.
3. Consult the installation instructions for current dimensional data and additional requirements.
4. Check local codes for the required breaker size before installation.

---

## Product Usage Instructions

1. **Power Connection:** Connect the range to a compatible electrical outlet based on the specified KW rating and breaker size.
2. **Positioning:** Install the range directly

against the rear wall with recommended spacing to adjacent surfaces and cabinets as per the guidelines.

3. **Safety Features:** Ensure the Anti-Tip device is installed to prevent tipping of the range.
4. **Cooking:** Use the induction and convection features along with the No Preheat Air Fry function for efficient cooking results.

---

## FAQ

### **Q: What is the purpose of the No Preheat Air Fry feature?**

**A:** The No Preheat Air Fry feature allows you to start air frying immediately without the need for preheating, saving you time and energy.

### **Q: Is the GE Profile™ 30 Smart Slide-In Range ADA compliant?**

**A:** Yes, all GE Appliances ranges, including this model, are ADA compliant.

### **Q: How should I clean the fingerprint-resistant finish of the range?**

**A:** Use a soft cloth with mild detergent and water to clean the fingerprint-resistant finish. Avoid abrasive cleaners that may damage the surface.

GE Profile™ 30" Smart Slide-In Fingerprint Resistant Front-Control Induction and Convection Range with No Preheat Air Fry

#### DIMENSIONS AND INSTALLATION INFORMATION (IN INCHES)

RECEPTACLE LOCATIONS: Locally approved flexible service cord or conduit must be used because terminals are not accessible after range installation. See shaded area in drawing for location of electrical outlet box. Recommended outlet locations allow range to be installed directly against rear wall.

NOTE: This appliance has been approved for 0" spacing to adjacent surfaces above the cooktop. However, a 6" minimum spacing to surfaces less than 15" above the cooktop

and adjacent cabinet is recommended to reduce exposure to steam, grease splatter and heat.

INSTALLATION INFORMATION: Before installing, consult installation instructions for current dimensional data and additional requirements

GE Profile™ 30" Smart Slide-In Fingerprint Resistant Front-Control Induction and Convection Range with No Preheat Air Fry

## FEATURES AND BENEFITS

**Sous Vide Capability** A sous vide-enabled cooktop lets you achieve perfection on the stove with a precision cooking probe.

**No Preheat Air Fry** With this air fryer right in the oven, you can cook healthier, crispier versions of your favorite foods. There's no preheat required and it shortens the cook time because every minute counts

**Built-in WiFi** This smart oven features built-in WiFi so you can control oven functions with the SmartHQ app on your smart device.

**Fingerprint Resistant Stainless** A stainless finish that makes it easy to keep your appliances free of smudges and prints.

**Fit Guarantee** This induction range will fit your existing 30" cut-out, or GE Appliances will help pay for modifications up to \$300.

**Induction Cooktop** An induction cooktop makes stovetop cooking fast and efficient, with more precise temperature control and easy cleanup.

Touch Controls Glide touch controls let you control the cooktop with the swipe of a finger and are easy to clean thanks to seamless integration.

Induction Element An 11-inch induction element that is powerful enough to boil water in 101 seconds, but precise enough for delicate dishes.

Synchronized Elements Control two cooktop elements with a single button to create a bigger cooking surface for griddles.

Synchronized Clocks and Lights Synchronize your oven and GE Appliances over-the-range microwave so that clocks are always matching and lights and ventilation automatically come on when a burner is activated with Chef Connect.

Model PHS930YPFS Stainless Steel
