Safety and Caution Information

- **AC Power Adaptor:** Risk of electric shock, fire or burn if using an AC adaptor other than the one provided with this device. Indoor use only and in dry locations. Device must only be repaired by a professional. Do not open enclosure. The adaptor is rated for use between 0°C and 35°C. Connect only to a properly wide and grounded outlet.
- Risk of explosion if the battery is replaced with an incorrect type. Batteries should be recycled where possible. Disposal of used batteries must be in accordance with local environmental regulations.
- Failure to use the included power adaptor shell violate regulatory compliance requirements and may expose the user to safety hazards.
- **Temperature:** This device is intended for use in ambient temperatures between 0°C and 35°C. Avoid using for storing next two heat sources, in direct sunlight or outside in the intended temperature range.
- **Medical:** 222 main interface with operation of some pacemakers, hearing aids or other medical devices. To reduce the risk, maintain a separation distance of 20cm between the device and the medical device. Refer to the medical device for additional information.
- **Modify:** Modification of the wireless solution, thermal solution device components or include a shell violate regulatory compliance requirements and may induce safety hazards.
