- Connect both devices, wait 5-10 seconds and you are ready to begin

Mouse Button Assignments

1. Left Button: Provides traditional mouse functions like click, double click, and drag.
2. Magic-Roller: Scroll the button to surf the Internet and Windows documents.
3. Right Button: Provides traditional mouse right-click function
4. DPI Switch: 800 / 1200 (default) / 1600.
5. AI Copilot: Assistant on Windows 11 or above
6. Enable voice typing: on Windows 11 or above

CAUTIONS FOR BATTERY REPLACEMENT

Replace Batteries

- If the mouse or keyboard does not work properly, then the batteries have lost their charge, so you need to replace them.

Warning
Do not mix or use different types of batteries at the same time.
Notes on Battery Usage
When you use the battery, carefully read and strictly observe the Safety Instructions and the notes described below :

- Different battery types and surrounding temperatures may affect the battery performance.
- Avoid using batteries in extremely cold environments as low temperatures can shorten the
- Battery life and reduce wireless device performance.
- If you are using a new rechargeable battery or rechargeable battery that has not been used for an extended period of time (batteries that pass the expiry date are exceptions) it might affect the period of time according to local regulations.
- You can use this device. Therefore, to maximize their performance and lifetime, we recommend that you fully charge the batteries and discharge them for at least one complete cycle before use.
- The battery or wireless device may feel warm when using for an extended period of time.
- This is normal and not a malfunction.
- If you will not be using the batteries for an extended period of time, remove them from the wireless device to prevent leakage or corrosion.
- Always keep the terminals in a clean state.
- Risk of explosion if battery is replaced by an incorrect type.
- Dispose of used batteries according to local regulations.

Hardware Installation

1. Install one AA battery into the mouse and two AAA battery into the keyboard.
2. The receiver from the mouse and plug it into a USB port on your PC.

Replace batteries
If the mouse or keyboard does not work properly, then the batteries have lost their charge, so you need to replace them.
Warning: do not mix or use different types of batteries at the same time.

FCC STATEMENT

This equipment has been tested and found to comply with the limits of a Class B digital device, under Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used under the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installations. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures :

- Reorient / Relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio / TV technician for help.

FCC CAUTION

Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions :

1. this device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

RF exposure warning: The equipment complies with RF exposure limits set forth for an uncontrolled environment. The antenna(s) used for this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.
