GIGABYTE™

GIGA-BYTE GM-AORUS M6 Key Features Mouse

Hardware Requirements

For USB input device: PC with built-in USB
For 3.5mm audio product: Device with 3.5mm audio jack

Hardware Installation

1. For wireless models, please insert batteries properly and make sure the power switch is on.

2. Connect the device or receiver to your computer.

3. Wait till the system automatically detect the device.

4. The device is now ready to work.

   Warning: A wrong battery placement may cause batteries overheat

Health Warning

Keyboard and Mouse
Long period of repetitive motion using an improperly set-up workplace, or incorrect body posture may be associated with physical discomfort and injury to nerves, tendons, and muscles.

Headset Device
Extended exposure to high volumes when using a headset may result in temporary or permanent hearing loss.

Laser Products
Please do not directly look into the laser beam.
Do not shine a laser pointer at anyone or a mirror-like surface (a reflected beam can act like a direct beam on eye).

Maintenance

- Should you have trouble operating the device properly, please contact GIGABYTE customer service center on **www.gigabyte.com** for support. Do not attempt to service or fix the device yourself at any time.

- Do not take the device apart (doing so will also void your warranty).

- Keep the product away from liquid, humidity or moisture. Operate your device only within the specified temperature range of 0°C (32°F) to 40°C (104°F). Should you operate it in a temperature that is beyond this range, unplug and switch off the device in order to let the temperature stabilize within the optimal temperature range.

Battery Use Reminders

- Keep all batteries (used or new) out of the reach of children.

- Remove the batteries if they are worn out or before storing your device for an extended period of time.

- Do not heat, open, puncture, mutilate, or dispose of batteries in fire.

- Do not mix new and old batteries or batteries of different types (e.g. carbon-zinc, alkaline, and etc).

- Always remove old, weak, or worn-out batteries promptly and recycle or dispose them in accordance with Local and National Disposal Regulations.

   Rechargeable battery notice:

- Risk of explosion if charging with the non-rechargeable batteries.

- In order to avoid the electric shock generated by energy hazard, the input power of this product should be SELV.

Warranty

Gigabyte provides limited product warranty. For the latest and current terms of the Limited Product Warranty,please visit **http://www.gigabyte.com/support-downloads/customer-service.aspx**.
