GIGABYTE™

[> Product Guide](#)

Statement of Compliance with EU Directive

We, GIGA-BYTE TECHNOLOGY CO., LTD. declare that the product is/are tested and conform(s) with the essential specifications and limits included in Council Directive 2004/108/EC.

WEEE Information

This symbol on the product or in the instructions means that your electrical and electronic equipment should be disposed at the end its life separately from your household waste. There are separate collection system for recycling in the EU.

For more information, please contact the local authority or your retailer where you purchased the product.

FCC Statement

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation if this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference. and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

FCC RF Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

Canada, Industry Canada (IC) Notices

"This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device."

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

Accessory :

Charging cable 1.8m (Type-C to Type-C) / Receiver (Type-C) /
USB Adapter (Type-C to Type-A) / Users Manual

Declaration of Conformity

Hereby, GIGA-BYTE TECHNOLOGY CO., LTD. declares that the radio equipment type Mouse (GM-AORUS M6) and Dongle (GM-AORUS M6 S3) are in compliance with Directive 2014/53/EU.

Manufacturer information:

Company name: GIGA-BYTE TECHNOLOGY CO., LTD.
Address : No.6, Baoqiang Rd., Xindian Dist., New Taipei City 231, Taiwan

Operation temperature: 0~40°C for Mouse, -40~85°C for Dongle.

Operation frequency (Max power)

Mouse: 2402-2480 (0dBm)
Dongle: 2402-2480 (-4dBm)

RF exposure statement

RF exposure information: The EIRP power of the device at maximal case is below the exempt condition, 20mW specified in EN62479: 2010. RF exposure assessment has been performed to prove that this unit will not generate the harmful EM emission above the reference level as specified in EC Council Recommendation (1999/519/EC).
