How to Turn ON/OFF the motor

Connect USB to power ON

Click button 1

How to Set Timer

(Must turn on motor first)

Power ON

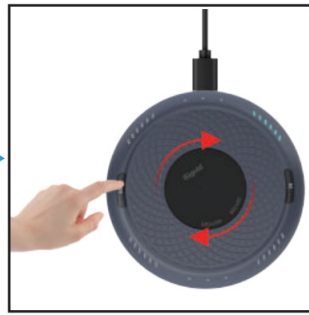

Click button ①

Turntable work

Click button ②

30min

Click again ②

60min

If need to add more time, continue click button ②

Timing function instructions:

1. **Must turn on the motor before setting timing, OR timer can not be setted.**
2. Each group of lights represents 30 minutes (every click on the button f)will add 30 min), and a total of 2 hours countdown can be set (4 group lights).
3. After the time is set, countdown starts, and one set of lights starts to breath until all the lights go out. When the countdown ends, motor will stop into standby.

The following picture shows 30-120 minute countdown

Double click button 2 to change light color

Cyan

Blue

Purple

Please note:

1. Please make sure the mouse's photoelectric sensor port is located in the area of the turntable when using;
2. Do not press or place heavy objects on the turntable, OR the motor will be damaged;
3. Do not power on if gets wet.

Specification

Product Name: Giguid

Product model: MJUF-SE

Support hot-plug and play USB input rating: 5V==1A/2A

Product Material: Metal 8.. ABS plastic

Interface: USB Type-C interface

Support mouse type: wired or wireless optical mouse

Size: 125(L) X125(w) X28(H) MM Weight: 132g

Giguid Technology Co, Ltd. www.giguid.com

Made in China
1 year warranty.
