GINGKO Large Lemelia Light

Product Information

The Gingko Large Lemelia Light is a stylish and sustainable lighting solution. Made from natural and sustainably sourced walnut/white ash wood with recyclable frosted acrylic glass, this product combines durability, design, and technology. The light features a 5V Type C USB charging port and a charge indication light.

Product Content

- Large Lemelia Light
- Type C USB cable
- Instruction manual booklet

Product Operation

1. Quick tap once on the top of the Large Lemelia Light to switch the light On. It will start in warm white mode by default.
2. Quick tap once again to change the lighting mode to 7 color changing RGB mode. The light has an auto memory function, so it will start rotating colors from your last chosen color.
3. Quick tap once again to lock the light to the color of your choice.
4. To dim or brighten the light, long press the top of the Large Lemelia Light while it is in any lighting mode. When it reaches the desired brightness, remove your finger from the top of the light.
5. Quick tap again to turn the light OFF.

Product Charging Instructions

The product usually arrives with a 70% charge. However, please fully charge it before using for the first time by following these instructions:

1. Take the USB charging cable out from the box underneath the product.
2. Connect the USB charging cable to any USB plug adapter with a 5V output, such as a smartphone charger or a USB port on the computer.
3. Carefully connect the USB charging cable to the 5V Type C USB charging port on the product.

The charge indication light will show different statuses:

- Solid Red – Charging
- Off – Fully Charged

Warranty & Product Care

The Gingko Large Lemelia Light is covered under a one-year manufacturer warranty starting from the date of purchase. Within the warranty period, free repair service or components replacement will be provided, except for the following circumstances:

1. Product failure due to improper use, misuse, drops, abuse, alteration, faulty installation, power line surge, or modification.
2. Product failure due to acts of nature such as natural disasters, fire, flood, or casualty.
3. Any damage caused to the charging port by user error is not covered by the manufacturer's warranty.

Product care instructions

1. The product is made of natural wood, and any natural wood grain on the wood is not the product's fault.
2. Heavy drops or misuse of this product could cause damage to the device and the wooden exterior.
3. You may use a wet cloth to clean the wooden exterior, but do not have direct contact with water as this product is not waterproof.
4. Only use 5V USB charging adapters (not included) to charge this product.
