Girmi BE05 Make Up Mirror

Specifications:

- Brand: Trevidea
- Model: BE05
- Technical Model: SM394-DL
- Product: Make-up Mirror
- Features: LED Light, 3x and 2x Magnification Mirrors, USB Charging Port

Product Information:

The BE05 make-up mirror by Trevidea features a sleek design with multiple magnification options and a built-in LED light for enhanced visibility during makeup application. The mirror comes with a USB plug for convenient charging, making it a versatile and practical accessory for your beauty routine.

FAQ:

Q: What should I do if the LED light does not turn on?

A: Check that the batteries are correctly mounted and not flat. Replace them if necessary with fresh batteries.

Mod.: BE05

Technical model: SM394-DL

SAFETY INSTRUCTIONS

The following are important notes on the installation, use and maintenance. Save this instruction manual for future reference. Use the equipment only as specified in this guide. Any other use is considered improper and dangerous. Therefore, the manufacturer cannot be held responsible in the event of damages caused by improper, incorrect or unreasonable use. Before use, ensure the equipment is undamaged. If in doubt, do not attempt to use it and contact the authorized service center. Do not leave packing materials (i.e. plastic bags, polystyrene foam, nails, staples, etc.) within the reach of children as they are potential sources of danger; always remember that they must be separately collected.

In case of failure and / or malfunction do not tamper with the unit. To repair the appliance, always contact the

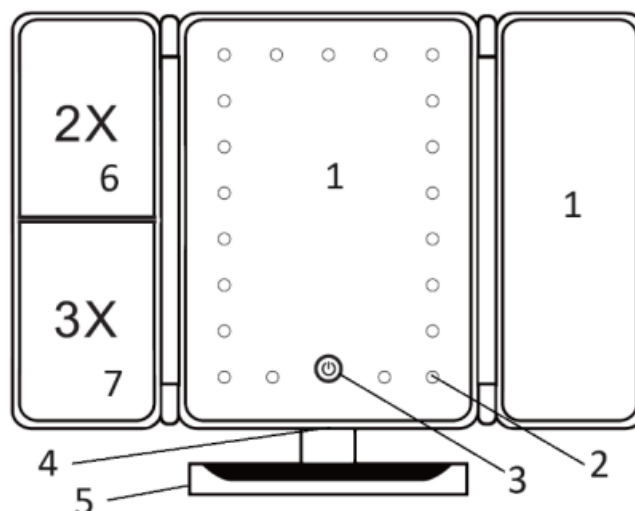

service center authorized by the manufacturer and request the use of original spare parts. Failure to comply with the above may compromise the unit safety and invalidate the warranty.

- Do not handle or touch the appliance with wet hands or bare feet. Do not expose the appliance to harmful weather conditions such as rain, moisture, frost, etc.. Store the unit in a dry place.
- This appliance can be used by children of 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they received supervision or instruction concerning use of the appliance in a safe way and understand hazards involved; children shall not play with the appliance; cleaning and user maintenance shall not be made by children without supervision.
- Children must not play with the appliance.
- Place it on flat and stable surface to ensure a correct operation.
- Not suitable for commercial use. Household use only
- Do not immerse in water or liquids and avoid splashing of water; clean it with a damp cloth only.
- Do not subject the product to strong impacts, serious damage may result.
- Use original spare parts and accessories only
- If the light does not turn on, the cause is probably the batteries: check that they are correctly mounted and that they are not flat.

PRODUCT OVERVIEW

BE05

1. Mirror
2. LED light
3. Button
4. USB plug for charging
5. Base
6. Mirror 2x
7. Mirror 3x

SUPPLY

The mirror can be powered by connecting the USB cable to a suitable USB outlet (PC, USB charger, power bank,

etc.) and to the connector (5). Alternatively, on the back, there is a compartment for batteries. Operation requires the presence of 4 AAA batteries, 1.5V each.

- Open the door by pulling the lock tab. Remove discharged batteries eventually present in the compartment.
- Insert the battery following the signs (+ -) written in the body.
- Insert batteries, lock them and close the cover.

CAUTION

- Always use batteries AAA, 1.5V type. Be sure to insert the battery according to the correct polarity as otherwise they may leak and damage the scale. Such damage is not covered by warranty. When you are going not to use the unit for a long time, it is advisable to remove the battery to prevent the run-out.
- Whatever the type of exhausted battery, it must not be thrown in the household waste, in the fire or in the water. Each type of exhausted battery must be recycled or disposed of in the appropriate dedicated collection centers.

OPERATING

Assemble the base (5) by fitting the mirror's pole into place. The product is equipped with 2 mirrors (1), natural without magnification, one mirror with 2x magnification (6), and one with 3x magnification (7). Press the button (3) to turn on the light (2).

CLEANING. Clean the unit with a damp cloth and soft and non-abrasive cleaners only.

TECHNICAL FEATURES

- Power supply: 4 batteries AAA or DC 5V, USB tipo C

WASTE OF ELECTRIC AND ELECTRONIC EQUIPMENT

The product is made of non-biodegradable and potentially polluting substances if not properly disposed of; other parts can be recycled. It's our duty to contribute to the ecological health of the environment following the correct procedures for disposal. The crossed out wheellie bin symbol indicates the product complies with the requirements of the new directives introduced to protect the environment (2002/96/EC, 2003/108/EC, 2002/95/EC, 2012/19/EC) and must be properly disposed at the end of its lifetime. If you need further information, ask for the dedicated waste disposal areas at your place of residence. Who does not dispose of the product as specified in this section shall be liable according to the law.

To find the nearest service center, please call the telephone number 0541 694246, fax number 0541 756430 or contact us at assistenza@g3ferrari.it asking for the service centers supervisor.
