GLOBIZ 55069C Reversing Camera Built into the License Plate Frame 12V

Feature

Replace your conventional license plate holder with a version that includes a camera. You can easily insert the cables for the license plate light. The vertical tilt of the camera can be adjusted over a wide range.

- Easy to install
- Compatible with all cars
- Adjustable camera
- Wide-angle view
- Built-in 4pcs LED
- RCA signal cable connecting to the display (the display is not part of the set!)
- Power source: 12V
- Camera viewing angle: 170°

Resolution

- Set includes: 1 pc license plate frame 1 pc reversing camera 1 pc set of cables
- Size: 545 x 140 x 35 mm
- Signal cable length 6 m
- Color: Black
- Material: Plastic
- Protection: IP67

Warning

- The surface of the sensor must be kept clean!
- When reversing, always check the environment, look around and use the rear-view mirrors!
- Reverse at low speed to react to unexpected situations!
