## Words from The Product Designer

Hey there,

I'm Mason, the founder of Glocusent. We are always dedicated to offering premium lighting solutions for readers worldwide and providing you with the ultimate reading experience. We understand that avid readers like yourself have varying preferences when it comes to the angle and brightness of lighting while reading or working.

That's why we have designed this book light with a 0-340 degree rotatable head, allowing you to adjust it according to your personal taste and needs. Whether you prefer reading straight on, from above, or at an angle, our book light can cater to your desires. Its flexible and convenient head rotation feature not only offers maximum flexibility but also ensures the perfect lighting angle for a comfortable and crystal-clear reading experience without disturbing your partner or your child.

In addition to the flexible head design, we have incorporated dual-row LED beads into this rotatable book light, emitting the softest and most soothing light. To meet the diverse needs of our users, we have also included two timing functions in this book light—one for 30 minutes and the other for one hour. You can set the desired timing function based on your habits and preferences, allowing the light to automatically switch off after the specified time.

The essence of Glocusent's existence lies in providing the best book light for all book enthusiasts, ensuring that everyone can enjoy the finest reading experience anytime, anywhere. Therefore, we continuously strive to innovate and design superior products to provide you with a unique and outstanding lighting solution for your reading pleasure. Thank you for choosing Glocusent's Rotatable Book Light. We hope this product meets your expectations and enhances your reading experience in a truly exceptional way.

## About Glocusent

Ever since we saw our first sunrise illuminate the beautiful Colorado Springs, we've become a lighting product company that believes that light is a critical element to capturing the magic in moments. No progress was ever made in the dark, and we're here to deliver that light to ensure that our users are always progressing. From neck lights to portable ring lights, every one of our products is designed to provide light in a way that's simple and convenient. At Glocusent, we refer to three core principles; glory, focus, and moments.

## Glory

We're about bringing light to your life, and we believe life is filled with glory, whether that's in your career or with your family. Let us shine a light on that glory.

## Focus

Our team at Glocusent is focused on creating innovative lights and lamps that are convenient, smart, and tailored to its user. In the wise words of Roy T. Bennett, "Life is short; focus on what really matters; you should change your priorities over time." With our lights, you can focus on what matters.

## Moment

Moments are fleeting. Your lives are filled with beauty, romance, and happiness. Our innovative lights are there to help you capture the moments.
