**Glow Guards 15in Light-up Green Dinosaur**

## INTRODUCTION

Kids of all ages will find comfort and joy with the Glow Guards 15-inch Light-up Green Dinosaur, a charming and cuddly buddy. This cute plush triceratops has a frill-like shield over its head, a soft, green fuzzy exterior, and a welcoming smile. This dinosaur's capacity to emit bright LED lights into the night, creating a calming and enchanted atmosphere, is what really sets it apart. This soft toy serves as a cozy companion and a reassuring night light, making it ideal for toddlers and young children who might feel uncomfortable in the dark. Its small dimensions of 15 inches in length and 8 inches in height make it the perfect playmate for cuddling. This adorable toy, which retails for **\$23.99**, makes a wonderful present for Valentine's Day, Christmas, birthdays, and other special events. Made with premium materials, it guarantees longevity and safety for enduring pleasure.

## FEATURES

- The design of the adorable triceratops is realistic, with a frill-like shield over its head, a kind face, and green, comfortable fur.
- **Soft & Cuddly Plush Material:** Kids will find comfort in this incredibly soft fuzzy fabric.
- **Glowing LED Night Lights:** In the dark, youngsters can be calmed by the integrated color-changing LED lights.
- **Ideal Pillow-Like Style** You can use the floppy soft dinosaur as a pillow.
- **The Perfect Size for Children** Ideal for cuddling, this item is 15 inches long and 8 inches tall.

- **15-Minute Auto Shut-Off:** This feature automatically turns off the lights to help save battery life.
- **Cordless & Battery-Powered** — It is portable and runs on three AAA batteries, which are not provided.
- **Simple Light Button:** To turn the lights on or off, press the button on the right hand.
- **Color-Changing Lights:** After a few seconds, the LED lights change into a variety of vivid hues.
- **Comfort & Security:** Reduces children's anxiousness before bed and makes them feel comfortable in the dark.
- **Ideal Present:** Excellent for Valentine's Day, Christmas, birthdays, and Children's Day.
- **Stitching for Durability:** Stitching that is strong guarantees play that lasts for a long time.
- **Lightweight and convenient for travel** Kids may easily handle it because it barely weighs 12 ounces.
- **Safe and Non-Toxic Materials:** Constructed using fabric that is safe for children and the environment.
- **Customer Service Available:** Provides online customer support for questions or help.

## SETUP GUIDE

- Take the plush dinosaur out of its package and inspect it for flaws.
- The battery compartment is located on the plush toy's back.
- To get to the battery box, carefully peel away the Velcro closure.
- Lift the cover of the battery box carefully to reveal the battery slots.
- Make sure the positive (+) and negative (-) batteries are positioned correctly before inserting three AAA batteries.
- Turn the black switch to "ON" to turn on the internal LED lighting system.
- **Secure the Battery Box:** Before replacing the battery case, make sure it is securely closed.
- To keep the battery compartment hidden, reattach the Velcro closure and press it firmly.
- Find the Light Button, which is located on the plush dinosaur's right hand.
- To turn on the lights, press the button. The LED lights will illuminate instantly.
- **Watch for Color Changes:** The lights will change to a variety of hues after a short while.
- The blazing nightlight feature is enhanced when used in a dark room.
- **Await the Auto Shut-Off Feature:** The lights are turned off by the included 15-minute timer.
- When not in use, manually turn off by pressing the button again, which conserves battery life.
- When lights go dim, change the batteries to provide the best possible glowing performance.

## CARE & MAINTENANCE

- Avoid machine washing since water exposure can harm LED lights.
- **Spot Clean with a Damp Cloth:** To remove surface stains, use a mild soap solution and water.
- Avoid contact with water or moisture to avoid damaging the toy's electronics.
- When not in use, remove the batteries to prolong the life of the toy and stop battery leaks.
- To help against mold and fabric damage, store in a dry location.
- **Avoid Heat and Direct Sunlight:** Too much heat can harm electronics and fade fabric colours.
- Regularly check the battery compartment for corrosion or leakage.
- To maintain the plush fabric's softness and fluff, gently shake or brush it.
- **Handle Carefully:** To avoid internal damage, do not tug on LED wiring.
- **Use High-Quality Batteries:** Steer clear of inferior batteries that could leak or deplete rapidly.
- Make sure the Velcro closure is tight to keep kids from inadvertently accessing the battery compartment.
- If necessary, trim loose threads to stop the fabric from unravelling over time.
- To keep electronics operating correctly, avoid using them near water or in damp areas.
- Check the brightness of the LEDs and change the batteries if they go out or get dim.
- When not in use, store it properly in a dry, cool location for extended use.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Plush toy does not light up	Dead or improperly installed batteries	Replace or correctly insert 3 AAA batteries
LED lights turn off too soon	Auto shut-off timer activated	Press the lighting button again to restart
Lights flicker inconsistently	Loose battery connection	Ensure battery compartment is securely closed
Plush toy not glowing brightly	Low battery power	Replace with new AAA batteries
Velcro on battery compartment is loose	Wear and tear	Use additional fastening methods if needed
Fabric feels stiff or rough	Dirt or dust buildup	Spot clean with a damp cloth and mild detergent
LED lights not changing color	Internal malfunction	Contact customer support for assistance
Strange smell from plush toy	Manufacturing residue	Air out the plush before use
Stitches coming loose	Normal wear and tear	Sew or reinforce with fabric glue if necessary
Button unresponsive	Possible internal issue	Gently press multiple times or contact support

PROS & CONS

Pros:

- 1. Soft and huggable plush material, perfect for kids.
- 2. Glow-in-the-dark LED lights provide comfort at night.
- 3. 15-minute auto shut-off timer for battery conservation.
- 4. Ideal size for cuddling and carrying around.
- 5. Great gift option for multiple occasions.

Cons:

- 1. Requires 3 AAA batteries (not included).
- 2. Surface clean only; not machine washable.
- 3. LED light may fade over time with frequent use.
- 4. Velcro closure on battery compartment may wear out.
- 5. Not suitable for children under 3 years due to small parts.

WARRANTY

The Glow Guards 15-inch Light-up Green Dinosaur comes with a standard **30-day** manufacturer warranty covering any defects in materials and craftsmanship. If any issues arise within this period, customers can contact the manufacturer for a replacement or refund. Extended warranty options may be available through the retailer.

## FREQUENTLY ASKED QUESTIONS

What are the key features of the Glow Guards 15-inch Light-up Green Dinosaur?

The Glow Guards 15-inch Light-up Green Dinosaur is a soft, cuddly plush toy designed as a cute triceratops with green cozy fur. It features built-in LED lights, a pillow-like design, and a 15-minute auto shut-off timer.

What are the dimensions and weight of the Glow Guards 15-inch Light-up Green Dinosaur?

This plush dinosaur measures 15 inches long and 8 inches tall, with a compact 10 x 5 x 2-inch packaging size. It weighs 12 ounces, making it lightweight and easy for toddlers to carry.

How does the LED light feature in the Glow Guards 15-inch Light-up Green Dinosaur work?

The plush dinosaur glows in the dark using color-changing LED lights. After installing 3 AAA batteries, press the lighting button on the right hand, and the lights will cycle through different colors.

Why does my Glow Guards 15-inch Light-up Green Dinosaur turn off on its own?

The toy has a built-in 15-minute auto-off timer to conserve battery life. If you want it to stay on, press the lighting button on the right hand again.

Why are the LED lights in my Glow Guards 15-inch Light-up Green Dinosaur dim or flickering?

Replace the batteries with a fresh set of AAA batteries. Ensure the battery compartment is tightly closed. Check for loose wiring inside the battery box.

Why does my Glow Guards 15-inch Light-up Green Dinosaur only glow in one color instead of changing?

The color-changing feature may not activate if the battery is low replace the batteries. Try turning the toy off and on to reset the lighting sequence.

What should I do if the LED lights stop working on my Glow Guards 15-inch Light-up Green Dinosaur?

Remove and reinstall the batteries to reset the system. Check if the black switch inside the battery compartment is set to ON. Inspect the battery contacts for dirt or corrosion.
