Glow Guards T-Rex Light-up Stuffed Dinosaur

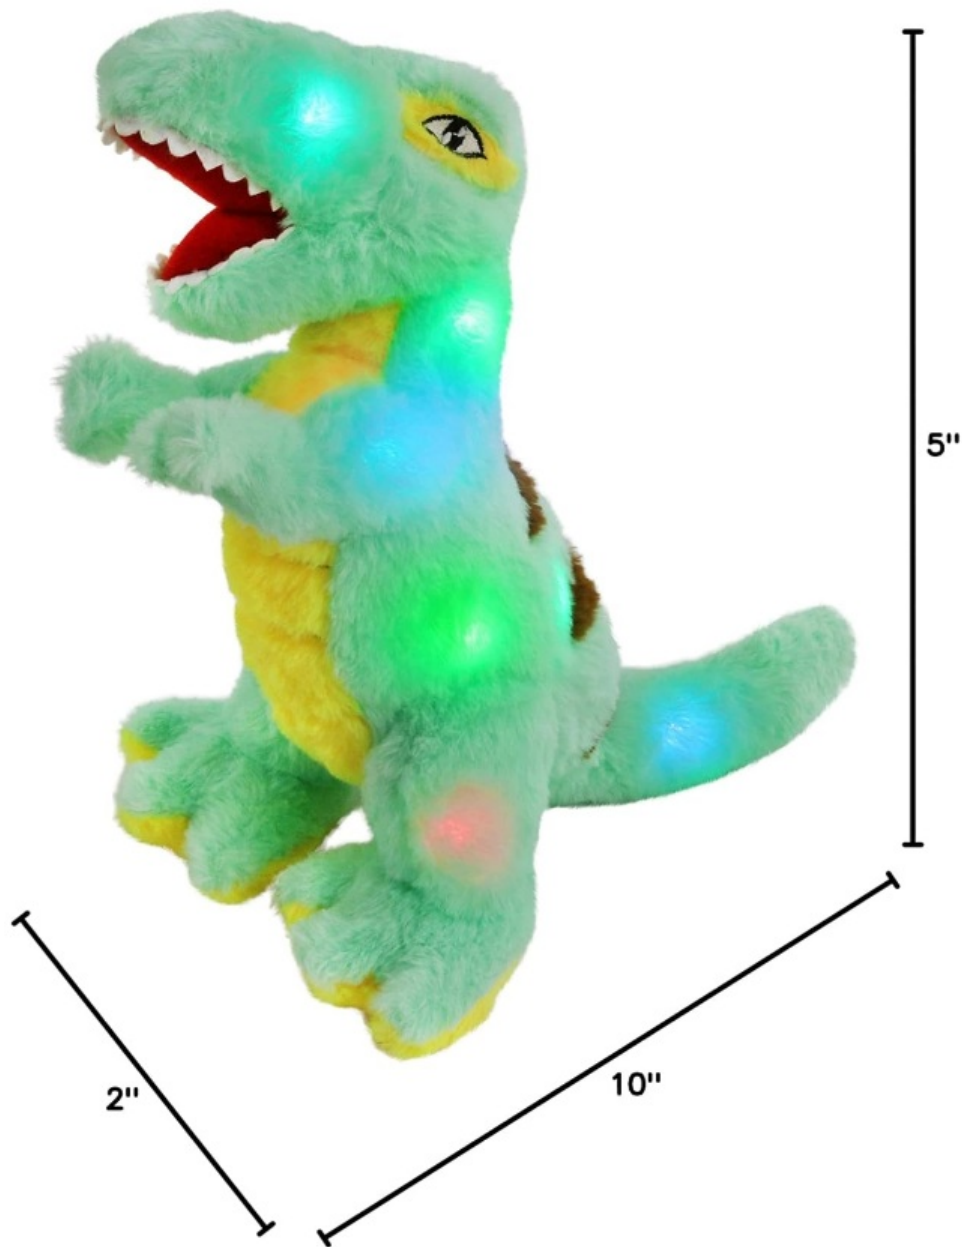

INTRODUCTION

For children who enjoy dinosaurs and require a reassuring night light, the Glow Guards T-Rex Light-up Stuffed Dinosaur is the ideal friend. This 14-inch plush toy has embroidered eyes, a humorous open mouth with “sharp” fangs, and a soft, cuddly body. It is designed with lovely embellishments. Its multicolored LED night lights create a calming glow that gives kids a sense of security in the dark. This plush dinosaur, made by Glow Guards, is filled with PP cotton for a cuddling sensation and is made from high-quality, incredibly soft fabric. This luminous T-Rex guarantees energy efficiency and safety with an included 15-minute auto shut-off timer. At **\$22.99**, it’s a fun present for birthdays, kids’ birthdays, and special occasions like Valentine’s Day and Christmas. This glowing dinosaur is a soothing and informative toy that is perfect for toddlers and young children.

WHAT'S IN THE BOX

- Stuffed Dinosaur
- User Manual

FEATURES

- **Cute Tyrannosaurus Illustration** The plush depicts a standing T-Rex with its hands up and mouth gaping.
- **Glowing LED Lights:** In the dark, the integrated LED lights produce a soft, vibrant glow.
- Providing a calming presence at night, this comforting night light is perfect for children who are terrified of the dark.
- **Color-Changing Effect:** For an entertaining and captivating experience, the lights alternate between several colours.
- **Auto Shut-off Timer:** To preserve battery life, a 15-minute timer makes sure the lights switch off on their own.
- **Soft & Cuddly Fabric:** crafted from high-quality, soft fabric for a cozy feel.
- **Ideal Present:** Fit for Valentine's Day, Christmas, birthdays, and Children's Day.

- **Embroidered Vivid Eyes:** To create a realistic appearance, the eyes are sewn with delicate embroidery.
- **Realistic Details:** Has pointed teeth that give it a lively, enjoyable touch.
- **Battery Operated:** Requires two AA batteries, which are not supplied.
- **Simple to Use:** The light may be turned on and off with a single button.
- **Sturdy Construction:** Long-lasting durability is guaranteed by fine stitching.
- **Lightweight & Portable:** Kids may easily carry this device because it weighs only 7.4 ounces.
- **Educational Value:** Assists kids in learning about dinosaurs and other ancient animals.
- **Safe for All Ages:** 0 months and above is a good age range for babies and toddlers.

SETUP GUIDE

- Remove the T-Rex from its package to begin unpacking the plush toy.
- Locate the battery compartment, which is Velcro-secured on the plush's back.
- **Open the Battery Box:** To reach the battery slot, carefully open the container.
- Make sure the two AA batteries are properly positioned in relation to the polarity indications.
- **Turn the Switch On:** Press the "ON" button on the tiny black switch located inside the battery box.
- Make sure the battery box is firmly reinserted into the battery compartment before closing it.
- **Seal the Velcro Closure:** To keep the compartment closed, firmly press the Velcro.
- **Press the Light Button:** Press the button on the plush to turn on the LED lights.

- **Watch the Glow:** The toy will light up right away.
- **Appreciate the Color Changes:** The lights change color on their own.
- Set the timer so that the lights will automatically go out after fifteen minutes.
- **Turn Off Manually:** To turn off the lights before the timer goes off, press the lighting button one more.
- **Verify Proper Functioning:** Verify the battery location if the lights do not turn on.
- **Change Batteries as Necessary:** Put in new batteries when the light starts to dim.
- **Ready to Use:** The stuffed animal is now prepared for nightly warmth and cuddling.

CARE & MAINTENANCE

- **Prevent Water Exposure:** Because the toy contains electronic parts, do not wash it with water.
- **Surface Clean Only:** Use a moist towel to gently wipe the plush.
- **Use Mild Detergent:** Use a gentle cloth and a mild soap solution for a deeper clean.
- **Dry in a Ventilated Area:** After wiping, let the toy air dry fully.
- **Examine the Battery Compartment:** Make sure the battery compartment is dry and safe on a regular basis.
- **Store in a Dry Location:** To avoid damaging the plush, keep it away from moisture.
- Steer clear of direct sunlight since this can damage the LED lights.
- **Switch Off When Not in Use:** This keeps the battery from overheating and helps it last longer.

- **Examine for Loose Stitches:** Occasionally look for and fix any loose threads.
- Batteries should be changed periodically because weak batteries might cause a decrease in brightness and functioning.
- Make sure the battery box is positioned correctly inside the battery compartment and avoid packing it too full.
- **Secure the Velcro Flap:** After replacing a battery, always make sure the Velcro flap is closed correctly.
- **Prevent Rough Handling:** Pulling or squeezing too much can harm the internal circuitry.
- **Avoid Pets:** Keep pets away from the plush to avoid them eating or scratching it.
- Store the plush properly by putting it in a plastic storage bag or a dust-free location when not in use.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Lights won't turn on	Batteries not installed or depleted	Replace with new AA batteries
Lights turn off too quickly	15-minute timer function activated	Press the button again to restart
The plush toy not glowing evenly	LED components shifted inside	Gently shake or adjust the plush to reposition the LEDs
Button not responding	Internal wiring issue	Contact customer service for a replacement
Fabric seems rough	Possible defect in stitching	Reach out for a replacement or refund
Battery box difficult to open	Velcro may be stuck	Carefully separate the velcro and try again
Colors appear dim	Low battery power	Replace with fresh AA batteries
The timer function not working	Possible internal malfunction	Contact the manufacturer for support
LED light flickering	Loose battery connection	Ensure batteries are properly inserted
Plush has an unusual odour	New product smell	Leave in a ventilated area for a few hours

PROS & CONS

Pros:

1. **Adorable Design** – Realistic T-Rex details with embroidered eyes and a fun expression.
2. **Glows in the Dark** – Features colourful LED lights for a soothing bedtime experience.
3. **Soft & Cuddly** – Made of ultra-soft fabric with durable stitching.
4. **Automatic Timer** – 15-minute shut-off for safety and battery conservation.
5. **Perfect Gift Choice** – Great for birthdays, Christmas, and other celebrations.

Cons:

1. **Batteries Not Included** – Requires 2 AA batteries, which must be purchased separately.
2. **Spot Clean Only** – Cannot be washed in water.
3. **Light Duration Limited** – Automatically turns off after 15 minutes.

4. **Not Suitable for Rough Play** – Delicate LED components inside.
5. **Small Parts Warning** – Parental supervision is recommended for very young children.

FREQUENTLY ASKED QUESTIONS

What are the key features of the Glow Guards T-Rex Light-up Stuffed Dinosaur?

The Glow Guards T-Rex Light-up Stuffed Dinosaur is a soft plush toy with built-in color-changing LED night lights. It features an adorable Tyrannosaurus design with embroidered eyes, detailed teeth, and a 15-minute auto shut-off timer for battery conservation.

What are the dimensions and weight of the Glow Guards T-Rex Light-up Stuffed Dinosaur?

The plush toy measures 10 x 5 x 2 inches and weighs 7.4 ounces, making it lightweight and perfect for kids to carry around.

How does the LED lighting function in the Glow Guards T-Rex Light-up Stuffed Dinosaur work?

The built-in LED lights activate when you press the lighting button. The lights will change to multiple colors automatically and turn off after 15 minutes to conserve battery life.

What type of batteries does the Glow Guards T-Rex Light-up Stuffed Dinosaur require?

The plush toy requires 2 AA batteries (not included) to power the LED lights.

Why does my Glow Guards T-Rex Light-up Stuffed Dinosaur turn off on its own?

The toy has a built-in 15-minute auto shut-off timer to preserve battery life. If you want the lights to stay on longer, press the lighting button again.

Why are the LED lights in my Glow Guards T-Rex Light-up Stuffed Dinosaur dim or flickering?

Replace the batteries with a fresh set of 2 AA batteries. Ensure the battery compartment is closed securely. Check for loose wiring inside the battery compartment.

What should I do if the LED lights in my Glow Guards T-Rex Light-up Stuffed Dinosaur stop working?

Remove and reinstall the batteries to reset the system. Make sure the black switch inside the battery compartment is turned ON. Inspect the battery compartment for loose wires or dust buildup.
