Goldtouch GTC-ELITE Elite USB Numeric Keypad Owner's Manual

Goldtouch GTC-ELITE Elite USB Numeric Keypad
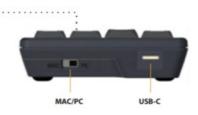

Contents

NUMERIC KEYPAD

The Goldtouch Elite Numeric Keypad is the perfect companion for the Elite Keyboard. Position it next to your keyboard when doing data entry, and easily swap it out with your mouse when not in use. This standalone numeric keypad makes it easy to achieve the ergonomic desktop you deserve. With its low-profile Cherry MX Red mechanical keys and the right amount of tactile and audible feedback, number crunchers will enjoy the ease of having a dedicated numeric keypad at their fingertips.

FEATURES AND BENEFITS

- **Easy Install:** Easy to use, plug and play technology featuring a USB Connector or 2.4 Ghz USB dongle receiver.
- **Mechanical Keys:** Industry leading Cherry MX Red mechanical keys.
- **Key switch behavior:** Linear
- **Actuator travel**: 3.2 mm ± 0.25 mm
- **Pretravel:** 1.2 mm ± 0.3 mm
- **Initial force:** 40 cN min.
- **Actuation force:** 45 ± 15 cN
- **Operating System Compatibility**: PC and Mac

The Goldtouch Elite Numeric Keypad supports PC+Mac via convenient switch on the side of the keypad.

PC+Mac users can use the included USB-A to USB-C cable. PC+Mac users with USB-C only ports can use a straight USB-C to USB-C cable.
