USAGE AND COMPATIBILITY

Mass storage device intended for data transfer and storage in mobile electronic devices, such as cameras, smartphones, laptops and notebook.
This product is compatible with the following operating systems:

- Windows® XP® / Vista / 7 / 8 / 8.1 / 10 / 11
- Mac OS X 10.4 and newer
- Linux

The product is dedicated for use in general-purpose devices only. This drive is not intended to be used in systems which require high levels of quality and reliability (e.g. servers, industrial applications) unless it is stated the product can be used for these purposes. Please refer to your computer/motherboard manual for information on their compatibility with the GOODRAM SSD – check whether there is an appropriate connector that supports the interface with which the purchased product works. For M.2 SSD, make sure the motherboard or computer supports the length of the SSD you purchased.

WARNING: Computer configuration and operating system may affect performance of this SSD.

INSTALLATION

Before installing the SSD, please ensure your computer is turned off, unplugged from the power source and equipped with the appropriate connector for the product interface. Otherwise the SSD may not be compatible. After connecting the SSD to the connector on the computer, format it using system tools.

CAPACITY

Storage capacity for GOODRAM micro card is always expressed in decimal values. That means, 1GB equals 1 000 000 000 bytes. Operating system that use the binary conversion eg. 1GB equals 1 073 741 824 bytes may show lower storage capacity value than advertised. Additionally, a part of the storage is reserved for files and firmware, managing the drive.

SAFETY MEASURES

To ensure the best user experience and safe use, please follow the precautions listed below:
Do not

- expose this product to potential damage and excess heat or extremely low temperatures.
- immerse any part of this product in water or other liquid.
- place the product near the naked flame.

Caution

- provide accurate heat dissipation.
- this product is not a toy and is not intended for children under the age of three.
- use this product only with compatible devices.

WARNING: KEEP OUT OF REACH OF SMALL CHILDREN
The appliance and its accessories are not toys. Do not give them to young children to play with, as they may harm themselves or others or damage the appliance. Keep the appliance, all parts and accessories out of the reach of small children.
