SYMBOL EXPLANATION

Below you will find explanation of symbols used in this manual. Please read this important information before continuing.

Manufacturer declares that this product, marked with CE sign, conforms with the essential requirements contained in EU directives Responsible for CE marking is Wilk Elektronik SA, with its registered office in Laziska Gorne 43-173, Mikolowska 42, Poland. Copy of the declaration can be obtained by contacting Wilk Elektronik SA.

This product may not be treated as a household waste. It should be utilized in appropriate recycling center.

 The product can be recycled which means that materials used for its production can be reused.

 The product is not a toy and is not intended for children under the age of three.

It is forbidden to place the product near the naked flame.

 It is forbidden to immerse any part of this product in water or other liquid, especially

when it operates.

It is forbidden to expose this product to potential damage and excess heat or extremely low temperatures that do not comply with the product specification.

USAGE AND COMPATIBILITY

Mass storage device intended for use as an internal storage device in desktop and laptop computers.

This product is compatible with the following operating systems:

- Windows® XP® / Vista / 7 / 8 / 8.1 / 10
- Mac OS X 10.4 and newer (formatting the drive to a file system other than NTFS is required)
- Linux

This product is dedicated for consumer-class applications. This product is not intended to be used in systems, that require high performance or high reliability (e.g. servers, industrial applications), unless it is stated that the product is dedicated for these applications.

To achieve the highest performance, please connect SSD to SATA III interface. This SSD is also compatible with SATA II and SATA I interfaces, but connecting it will limit its performance to the level, specified by these interfaces. Please refer to your computer / motherboard manual to check their compatibility with SSD.

WARNING: Computer configuration and operating system may affect performance of this SSD.

INSTALLATION

Before installing the SSD, please ensure that your computer is turned off, unplugged from the power source and equipped with a SATA interface. Otherwise, this SSD may be incompatible. After connecting SSD to the SATA interface, you must format the drive using operating system tools. If SSD is mounted into laptop with 9,5 mm drive bay, use

the attached spacer by attaching it to the SSD.

CAPACITY

Storage capacity for GOODRAM SSD is always expressed in decimal values. That means, 1GB equals 1 000 000 000 bytes. The operating system that uses the binary conversion eg. 1GB equals 1 073 741 824 bytes may show lower storage capacity value than advertised. Additionally, a part of the storage is reserved for files and firmware, managing the drive.

SAFETY MEASURES

To ensure the best user experience and safe use, please follow the precautions listed below:

Do not:

- expose this product to potential damage and excess heat or extremely low temperatures
- immerse any part of this product in water or other liquid
- place the product near the naked flame

Caution:

- provide accurate heat dissipation
- this product is not a toy and is not intended for children under the age of three
- use this product only with compatible devices
