## Cancel Google Fi device protection

### Cancel coverage

If you're not happy with device protection, you can discontinue your device's enrollment at any time:

1. On the Google Fi website, go to [Your plan](#).
  2. Select the device that you would like to discontinue enrollment for.
  3. Under "Device protection," select **Discontinue**. On the next screen, select **Discontinue** again.
- If you're part of a [Google Fi group plan](#), only the device protection account holder can request cancellation of the coverage.
  - You'll receive a refund and/or credit, if any, of the applicable premium within the time frame required by law.
  - This is a monthly renewable plan that must be paid on a monthly basis, or coverage will be canceled for nonpayment.
  - We will not cancel coverage for nonpayment without providing you with the opportunity to pay within the applicable notice period.

- Keep in mind that once you cancel Device Protection, you won't be able to enroll again for the same device.

#### Returned device

If you return your device to Google Fi within 15 days of buying it, we'll automatically discontinue enrollment in device protection and refund you the full amount.

#### About our device protection provider

We've partnered with Assurant to offer device protection. When you enroll a device in device protection, Assurant receives information about your device, your email address, and your service address.

For provider information and a complete list of benefits, exclusions, limits, and deductibles, refer to the [assurant\\_brochure\\_04\\_2020\\_2](#) [PDF] and [Fi\\_Device\\_Protection\\_Sample\\_TCs\\_2020-09-30](#) [PDF].
