# GOOSH

**GOOSH 69104 Halloween Inflatables Skeleton Puppy**

## INTRODUCTION

A unique complement to any Halloween décor, the GOOSH 69104 Halloween Inflatables Skeleton Puppy gives your yard or interior area a dark yet playful feel. This 5.5-foot-long inflatable skeleton dog is the ideal combination of creepy and cute, making it a striking décor for trick-or-treaters and partygoers. Its integrated LED lights provide a luminous look that heightens the joyous ambiance at night. This inflatable is made of sturdy vinyl and polyvinyl chloride (PVC), making it weatherproof and long-lasting for the holidays. At **\$49.99**, it's a great buy for anyone wishing to upgrade their Halloween décor. This decoration, which is made by GOOSH, is a simple addition to any Halloween event because of its strong waterproof fan and safe tie-down accessories.

### WHAT’S IN THE BOX

- Skeleton Puppy
- User Manual

### FEATURES

- A 5.7-foot inflatable wiener dog with a skeleton pattern for a frightful Halloween appearance is included in this unique skeleton puppy design.

- Integrated LED Lighting produces a spooky and joyous Halloween atmosphere by glowing in the dark.
- Ideal Dimensions for a Yard Display With its 5.5-foot length, it makes a statement as part of your outdoor décor.

- **Quick Inflation System:** With the integrated waterproof fan, it inflates in less than a minute.
- **Sturdy Vinyl & PVC Material:** Crafted from premium, weatherproof materials for outdoor applications.
- **Stability and Easy Setup** The inflatable is secured with ropes and ground anchors.
- **Features a Pumpkin Prop:** A blow-up pumpkin next to the puppy adds even more Halloween charm.
- A waterproof fan guarantees that the inflatable will continue to work even in light rain.

- An eye-catching Halloween decoration will draw attention and add to your yard's eerie atmosphere.
- Portable and lightweight, it's simple to transport and store when not in use.
- The long power cord gives you more options for where to put it in your house or yard.
- **Both Indoor and Outdoor Use:** It can be utilized in the yard or indoors for gatherings.
- Quick air release and easy storage are made possible by the secure zipper for deflation.
- **Kid-Friendly Design:** It is entertaining for children since it is eerie and playful without being overly frightening.
- **Reusable for Several Halloweens:** Sturdy enough to last for many years of joyous celebrations.

## SETUP GUIDE

- **Select an Appropriate Site:** Pick a level, open space that isn't cluttered with sharp things.
- Take the inflatable out of the storage bag and set it flat to unpack it.
- **Verify Components:** Make that the power adapter, fan, and stakes are in good working order.
- Plug the adapter into an electrical socket to connect it to the power source.
- Inflate the inflatable by turning on the blower and letting it fill with air.
- **Track Inflation Progress:** Give the inflatable time to expand completely, which should take less than a minute.
- **Secure with Ground Stakes:** Place stakes into the inflatable's base loops.
- **Use Ropes for Additional Stability:** If necessary, fasten the supplied ropes to nearby structures.
- **Modify Positioning:** Make sure the skeletal puppy is erect and oriented correctly.
- **Examine LED Lights:** Verify that the integrated lights are operating as intended.

- **Avoid Congested Areas:** Keep the inflatable away from obstacles like walls.
- Avoid electrical hazards by keeping the power line out of the way of water and walkways.
- **Check for Stability in Windy Conditions:** If the inflatable is swinging, adjust the ropes and posts.
- Make sure to use it safely indoors by avoiding heat sources and combustible materials.
- Savour Your Unsettling Display! Your skeleton dog is prepared to dazzle trick-or-treaters once everything is put up!

## CARE & MAINTENANCE

- When not in use, unplug to avoid needless wear on the lights and blower.
- Make sure the inflatable folds correctly and is damage-free by fully deflating it before storing it.
- Store in a dry location to prevent the growth of mould or mildew.
- Use a moist cloth to wipe clean the surface to remove any dirt or debris.
- Check for holes or tears, and fix any minor damage before using it again.
- **Avoid Bad Weather:** The inflatable may get damaged by strong winds or a lot of rain.
- **Stay Away from Sharp Objects:** Keep it in a clear place to avoid punctures.
- **Check Fan Performance:** Before setup, make sure the blower is operating correctly.
- **Prevent Overinflation:** Don't put too much air pressure inside the inflatable.
- Regularly secure stakes and ropes; retighten as necessary to preserve stability.
- To avoid tearing the fabric, always elevate the inflatable instead of dragging it.
- Periodically check LED lights to make sure the internal lights are still functioning correctly.
- Strengthen the seams If necessary, make minor repairs with patches or fabric adhesive.
- Pets should be kept away from the inflatable to avoid biting or scratching it.
- **Test Before Halloween:** To make sure there are no problems, inflate a few days prior to the event.

## TROUBLESHOOTING

Issue	Possible Cause	Solution
Inflatable won't inflate	Power adapter not plugged in	Check and securely connect the power adapter
Inflatable is collapsing	Air leakage or loose zipper	Ensure all zippers are fully closed and inspect for leaks
LED lights not working	Loose wiring or defective LEDs	Check the connections and contact support if necessary
Inflatable tilts or falls	Improper anchoring	Secure with ground stakes and add weight if needed
Fan not running	Blockage or motor failure	Clear debris and ensure fan is operational
Weak inflation	Low power supply	Use a stable power source and avoid extension cords
Storage difficulties	Improper folding	Deflate completely, fold carefully, and use provided storage bag
Overheating fan	Continuous use for long hours	Turn off periodically to prevent overheating
Fabric tearing	Harsh weather or mishandling	Patch small tears or contact support for replacements
Adapter not working	Electrical issue	Try a different outlet or check adapter for faults

## PROS & CONS

### Pros:

1. Eye-catching skeleton puppy design perfect for Halloween.
2. Built-in LED lights enhance nighttime visibility.
3. Quick and easy inflation with a high-performance fan.
4. Durable and weather-resistant materials.
5. Includes ground stakes and ropes for secure installation.

### Cons:

1. Requires continuous power supply for inflation.
2. Might be too large for small indoor spaces.
3. LED lights may not be bright enough in highly illuminated areas.
4. Needs to be securely fastened in strong winds.
5. Limited design options compared to other inflatables.

## WARRANTY

GOOSH provides a **one-year limited warranty** covering manufacturing defects. If your inflatable experiences issues with inflation, LED function, or structural integrity within the warranty period, you can contact GOOSH's customer service for assistance or replacement.

## FREQUENTLY ASKED QUESTIONS

Why is my GOOSH 69104 inflatable Skeleton Puppy not inflating properly?

Check if the power adapter is securely plugged in, the fan is running, and there are no blockages in the air vents.

What should I do if my GOOSH 69104 inflatable Skeleton Puppy is deflating too quickly?

Ensure that the zippers and seams are fully closed and check for any small punctures or leaks.

Why are the LED lights on my GOOSH 69104 inflatable Skeleton Puppy not working?

Confirm that the power connection is secure, try plugging into another outlet, and check if the LED wiring is intact.

How do I keep the GOOSH 69104 inflatable Skeleton Puppy stable in windy conditions?

Use the included ground stakes and ropes, and for extra stability, consider adding additional sandbags inside.

What are the dimensions of the GOOSH 69104 Halloween Inflatable Skeleton Puppy?

The inflatable Skeleton Puppy is 5.5 feet long, making it a standout decoration for Halloween.

How quickly does the GOOSH 69104 inflatable Skeleton Puppy inflate?

It inflates within one minute when plugged in, thanks to its high-performance waterproof fan.

How do I secure the GOOSH 69104 inflatable Skeleton Puppy outdoors?

Use the included ground stakes and ropes to anchor it firmly to the ground or tie it to a tree.
