GoPioneer SmartWiFi App for Android

Quick Start Guide

Setting up your WiFi and App

1. Download the app. You can search either the Apple App Store or Google Play Store for: 'GoPioneer SmartWiFi ' then install it on your mobile device.

2. Select "SIGN UP" towards the bottom of the screen.

3. Enter your personal information.The password you enter here will be used to access the app.

Note: Please wait at least 10 minutes after your GigaSpire has been 'turned up' before attempting step 4.

4. Tap the QR code that appears within the app. (You will be asked to allow the app to access your camera.) Point your camera at the QR Code found on the bottom of your GigaSpire, or on the sticker that came in your box (example shown below).

5. Select OK.
6. If you have a SSID already set up for your network. somply hit the red back arrow to complete the set up. OR If you do not have a SSID already set up:
    1. The Router Name will be used throughout the app.
    2. The Network Name (SSID) is what you will use as your wireless connection name.
    3. Select a password for your wireless network. If you do not want to change it on all the devices in your home, use your existing wireless SSID and Password from your current router.
