Pairing the Remote and Your Gopro

You can pair Smart Remote with any wireless-enabled GoPro. The remote can control up to 50 cameras

* at a time from up to 600ft (180m) away in optimal conditions. Your camera recognizes only one remote at a time.

*Dependent on camera model, terrain, obstructions, electromagnetic interference, and environmental conditions.

PAIRING YOUR REMOTE WITH YOUR HERO8 BLACK OR HERO7 BLACK

1. Power off the remote.
2. On your camera, complete these steps:
a. From the main screen, swipe down.
b. Tap Preferences > Connections > Connect Device > Smart Remote.
The camera will automatically begin pairing.
c. Power on the remote. If the remote was never paired with a camera, it will automatically begin pairing.

Otherwise, press and hold the Settings/Tag button 🔧 for four seconds to begin pairing. Once the devices are paired, a confirmation will appear on each screen.

For information about using Smart Remote with other GoPro cameras,
see **gopro.com/smart-remote-setup**.

CONNECTING YOUR REMOTE AFTER PAIRING
After you've paired your remote and camera, you can start connecting through your camera's Connections menu.

1. Power on your remote and camera.
2. On your camera, follow these steps:

a. From the main screen, swipe down.
b. Tap Preferences > Connections > Wireless Connections to turn on wireless. (On GoPro cameras older than HERO7 Black, tap Connections > Wireless Connections.)

Heads Up: Your camera will connect to the remote that was connected to most recently.

Capturing Video and Photos

Use the remote to capture video and photos with one camera or multiple cameras.

TO CAPTURE VIDEO OR PHOTOS

1. Press the Power/Mode button ⏻ mode repeatedly to cycle to the mode that you want.

2. Press the Shutter/Select button ◯ to start capturing.
3. To stop capturing video or time lapse content, press the Shutter/Select button again.

If your camera goes out of range of the remote while you are recording, recording will continue until you stop it.

CHANGING PRESETS (HERO8 BLACK)

1. Press the Settings button 🔧 to see all the presets for the selected mode.

2. Press the Power/Mode button ⏻ mode repeatedly to cycle through the presets.

3. Press the Shutter/Select button ◯ to select the preset that you want.

PRO TIP: Mark favorite moments by pressing the Power/Mode button ⏻ mode on the remote during recording or playback. This adds a HiLight Tag that makes those moments easier to find later.
