GoSupps DJ01 Mobile Bluetooth Remote Control

Product Specifications

- Model: DJ01
- Input Port: Type-C
- Wireless Range: 33 ft
- Bluetooth Version: 5.2
- Bluetooth Name: DJ01
- Battery Capacity: 45mAh
- Charging Input: 5V/30mA
- Charging Time: 1,5 hours
- Playback Time: 20 hours
- Dimensions: 1.4 × 1.36 × 0.55 in

Packing list

1. Main Unit
2. Type-C charging cable
3. User Manual

For iOS (Apple Devices)

Go to Settings > Accessibility > Zoom, then turn on Zoom. The screen will magnify. Double-tap the screen with three fingers to zoom.

For other phones

Connect the device to start using it normally.

Mode 1 (Lights Up red)

Mode switching

- Press and hold both the Up and Down buttons for 1 second.
- A brief blue flash of the status light indicates successful switching.

Mode 2 (Lights Up Blue)

Clarification

- “Long videos” and “short videos” refer to content formats, not duration:
- “Long videos” = Horizontal/full-screen content (e.g., YouTube, movies)

- “Short videos” = Vertical/social media cocontent (e.g., TikTok, Reels)

Bluetooth Connection:

Press and hold the middle button until the red/blue light flashes once (power on). The light will switch to blinking blue (pairing mode). On your phone, select “DJ01” to connect.

Note: Auto power-off after 10 minutes without connection, and Auto power-off after 1 hour of inactivity

Light Indicators

- A. Red blinking: Charging
- B. Solid blue: Fully charged. C. Red blinking: Low battery
- Mode 1 (Up/Down buttons): Red light when pressed
- Mode 2 (Left/Right buttons): Blue light when pressed
- Mode Switching: Press and hold both Up+Down buttons for 1 second → Blue light flashes once
- Power Controls: Power on (Press for 2 seconds): Red/blue light flashes once
- Power off (Press for 2 seconds): Red light flashes once

TikTok/Instagram reels Short Videos (Mode 1)

- Single-click Up/Down button: Play previous/next. Video Double-click
- Middle button: Like. Triple-click Up/Down button: 2x fast-forward.
- Long-press Up/Down button: Volume +/-.
- Short-press ▲/▼ to jump to the next/previous video chapter YouTube/Tencent Video, etc. (Mode 2)

Single-click Middle button: Pause/Play

- Double-click the Left/Right button: Previous/Next episode.
- Triple-click Left/Right button: Fast-forward at increased speed (Only some software supports)
- Long-press Left/Right button: Volume +/-

Novel/e-book software (Mode 2)

- Set mode to “Simulation”: Single-click
- Left button: Turn page left Single-click
- Right button: Turn page right
- Not supported on Kindle devices, Music/Audiobook Apps (Mode 2)
- Double-click Left/Right button: Previous/Next track
- Single-click Middle button: Pause/Play
- Long-press Left/Right button: Volume +/- Double-click
- Middle button: Mute

Photo/Video Capture (Mode 1)

- Long-press (1 sec) Up/Down button: Take photo/Start recording
- Double-click the Up/Down button: Zoom in/out.
- Single-click the Middle button: Auto-focus.
- Triple-click the Middle button: Switch camera (front/back)

For TikTok

- Enable “Use volume keys for capture” in settings (top-right corner of the camera interface).
- Functions: Photo/video/zoom/focus (same as above). Switch camera: Double-click the middle button.
- Turn off/lock screen (regardless of mode)
- The middle key + down key/middle key + up key can turn off the screen (can be operated with one hand), and middle key + down key/middle key + up key can turn on the screen.

FCC STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for

Compliance could void the user’s authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, under part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates and can radiate radio frequency energy and, if not installed and used by the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

The device has been evaluated to meet the general RF exposure requirement. The device can be used in portable exposure conditions without restriction.
