GRANDSTREAM NETWORKS GWN7700MP Unmanaged Network Switch

Specifications

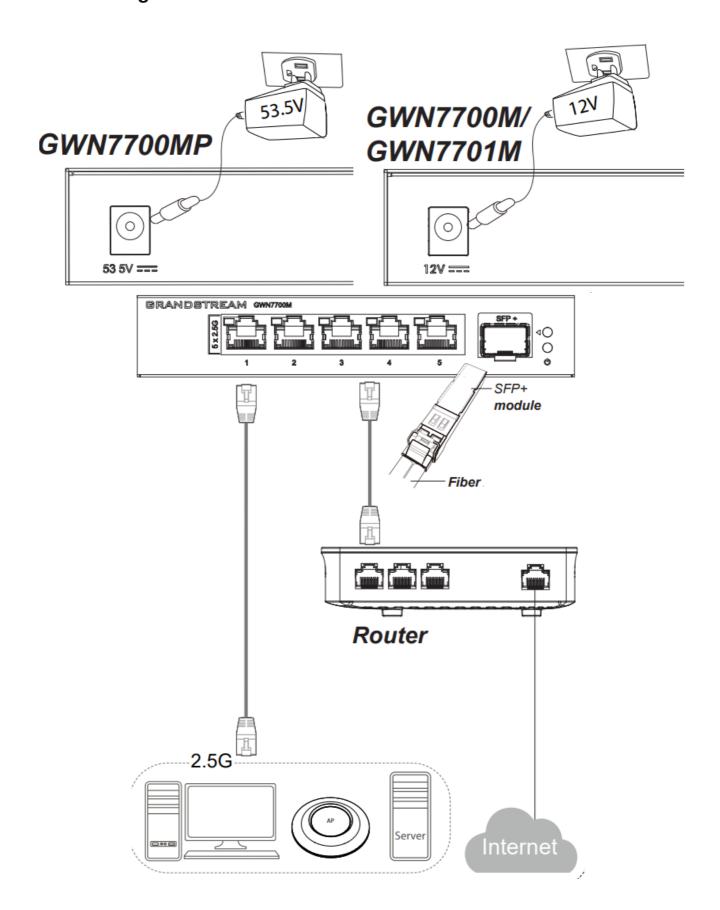

• Certification: U.S. FCC Part 15

• Compliance: FCC Rules Part 15

• Conditions: Must not cause harmful interference, must accept any received

interference

Product Usage Instructions

Regulatory Compliance

It is important to ensure that the device is operated in compliance with FCC Part 15 regulations. Failure to do so may result in interference issues.

Proper Operation

Ensure that the device is not causing any harmful interference to other equipment. If interference is detected, consider adjusting the device placement or settings.

Modifications

Do not make any changes or modifications to the device that are not expressly approved by the responsible party for compliance. Unauthorized modifications may void your authority to operate the equipment.

Note: Only GWN7700MP supports 4 PoE ports.

GWN7700M(P) & GWN7701M

5&8 Unmanaged 2.5G Multi-Gigabit Port and 1 SFP+ Port Switch

- Grandstream Networks, Inc. 126 Brookline Ave, 3rd Floor Boston, MA 02215. USA
- Tel: +1 (617) 566 9300
- www.grandstream.com

Specifications

- Operating Temperature: 0 to 40 °C (32 to 104 °F)
- Storage Temperature: -20 to 60 °C (-4 to 140 °F)
- Operating Humidity: 10% to 90% Non-condensing
- Storage Humidity: 10% to 90% Non-condensing
- Power Adapter: Output: GWN7700M/7701M: +12VDC, 1A
 - GWN7700MP: 53.5DC, 1.22A
- Ethernet Port:

100/1000/2500Mbps RJ-45 port

SFP+ Port

Certification Regulatory Information

U.S. FCC Part 15 Regulatory Information

- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
 - 1. this device may not cause harmful interference, and
 - 2. this device must accept any interference received, including interference that may cause undesired operation.
- Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part

15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Canada Regulatory Information

- CAN ICES-003 (B)/NMB-003(B)
- This product meets the applicable Innovation, Science and Economic Development Canada technical specifications.
- EU Agent:
 - Picus Advisors Ltd
- Taivalmaki 9F1-02200 Espoo, FINLAND
