Next

Sign up for an account on the Account screen. Provide your:

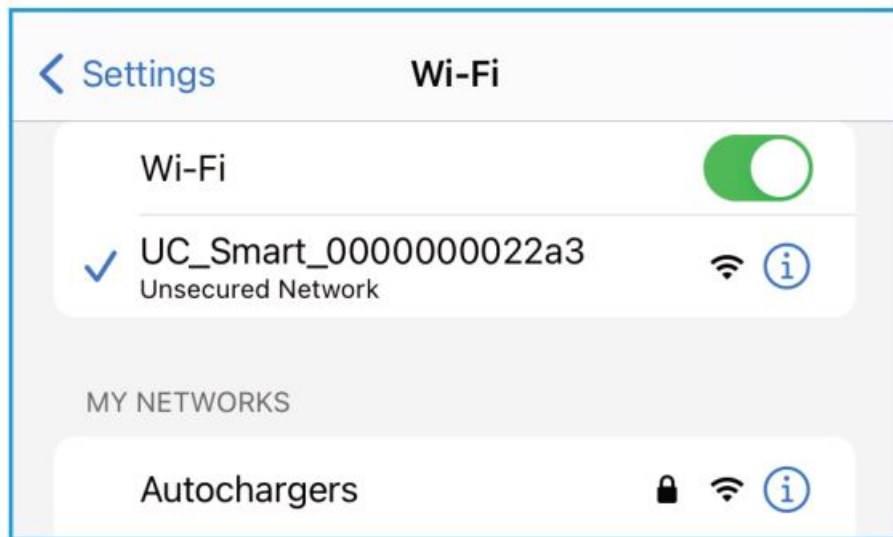

- First and Last Name
- Email Address
- Phone Number

Verify the account creation before proceeding.

Step 2: Add Grizzl-E Smart to Account

1. In the ChargeLab app select the My Charger screen.
2. Select **Add My Charger**.
3. Select Grizzl-E as the Manufacturer and Grizzl-E Smart as the Model.
4. Select the **Next** button.
5. Exit the ChargeLab App and go to your Wi-Fi Settings.
6. Connect to the Network **UC_Smart_ChargerSerial###**.

Connect your charger

Enter your home Wi-Fi information

Confirm password

Confirm password 🔒

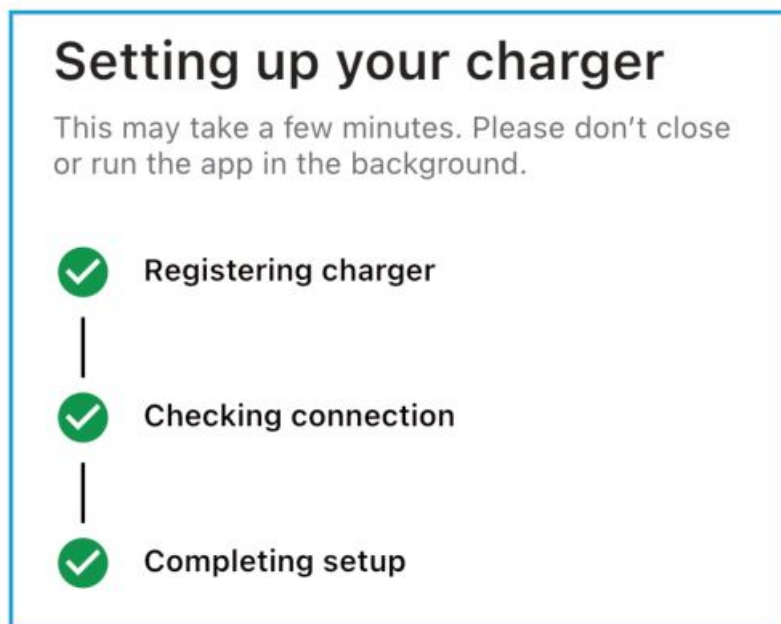

We do not store the Wi-Fi password in our system. It's simply to connect the charger to your network.

You've successfully connected to the charger's network.

[Back](#) [Next](#)

7. Go back to the ChargeLab app. Select the **Next** button. The app will verify that you are connected to the charger's network.
8. Select your Wi-Fi network from the list of available networks.

9. Enter the Wi-Fi Password and confirm the password.
10. Select the **Next** button.

11. Wait for the app to connect and register the Grizzl-E Smart. Do not close the app or run in the background while the setup process is running.
12. Verify the Indicator Light on the Grizzl-E Smart is Blue/Cyan alternating and shows as available on the ChargeLab app.
