Keep Instruction Manual for further reference. Adult supervision at all time. No tools required.

CAUTION: To avoid serious injury-DO NOT set up on a hard surface such as concrete, asphalt, wood, packed earth or other hard surfaces. Carpet over hard floors may not prevent injury.

- **WARNING.** Only for domestic use. For indoor and outdoor use. This product is designed for normal residential use only, and is not intended for use in schools, parks, day care centers, nurseries, or other public places.
- This item should be used on flat areas only.
- Place this product on level ground and at least 2 meters away from a fence, building, overhead branches, laundry line or electrical wires.
- DO NOT allow children to climb on the product when the product is wet.
- Dress children appropriately while on and around this product. Use well-fitting shoes and full foot enclosing footwear. Examples of inappropriate footwear are clogs, flip flops, and sandals. DO NOT allow children to wear inappropriate items, such as but not limited to, loose fitting clothing, hood and neck drawstrings, scarves, cord-connected items, capes and ponchos. These items can cause death by strangulation.
- When temperature falls below 32 °F / 0 °C, outdoor use of this product is not recommended. In extreme cold, plastic materials lose resilience and may become brittle and crack upon impact. Store product in a warmer, protected place.
- Adult supervision required.
- Maximum weight limit: 25 kg (55 lbs). Limit one child.

SAFETY AND MAINTENANCE

- Make sure all parts are securely snapped together before use.
- Please check the unit twice a month during the usage season for tightness, and tighten as required. It is particularly important that this procedure be followed at the beginning of each season. Replace as needed. If not checked regularly, parts can be loose or missed and components can become detached and cause injuries.
- If slide chute is exposed to direct sunlight, always check to make sure it is not too hot for children to use. If the slide chute is hot, pour cold water on the slide chute until it cools. Check slide chute periodically during use.
- Clean the slide regularly with soapy water in order to avoid a build up of static electricity.
- DO NOT leave this item exposed to strong wind and inclement weather.
- It is recommended that the slide be placed in a position unlikely to injure child's eyes with respect to sun.
