**GYRATION Cyberview2000 Smart PTZ Camera**

### **Packing list**

1. Camera\*1
2. Support bracket kit\*1
3. Power adapter\*1
4. Mounting screw kit\*1
5. USB charging cable\*1
6. Operation instruction\*1

## Product appearance

## Quick start

The wireless smart camera supports DC power supply.

### 1. Download and install the App

The wireless smart battery camera supports Android and iOS App. For your best experience, please scan the QR code below with your mobile phone, install the app, and follow the instruction to complete the user registration.

Scan QR code or go to the link to download and install the App <https://www.cyberviewplus.com/download/>

### 2. Add the device

Sign in to App connect to Wi-Fi and add the device according to the prompts (please bring the device close to the router when configuring).

## Bind the camera

1. Click the “Add Now” button in the app, press and hold the camera switch button for 3 seconds to turn on the camera, and the app will automatically search for devices that are on and not bound. Select the device you want to bind in the search results for the next step.

2. Enter the name and password of the Wi-Fi network you want the camera to connect to. To ensure longdistance connection, the camera only supports 2.4GHz WiFi network with stronger wall penetration capability and does not support Wi-Fi with enterprise level authentication.  
Please make sure that the Wi-Fi meets the requirements, click Next after completion, and the app can try to connect the camera to the Wi-Fi.

3. After a while, the camera will play a sound indicating that the connection is successful. At this point, please set a name for the camera on the app and select the location where you want to place the camera. Click Finish to complete the pairing.

## Install the camera

### 1. Select a good spot for your camera

Select a good spot for your camera, please install the camera in a position where its view is not blocked and ensure that it is within the coverage of the WiFi network.

## 2. Install the bracket

Fix the camera to the desired location. You can directly place the camera on a flat surface or fix the bracket to the wall or ceiling by screws, and then screw the camera to the fixed base.

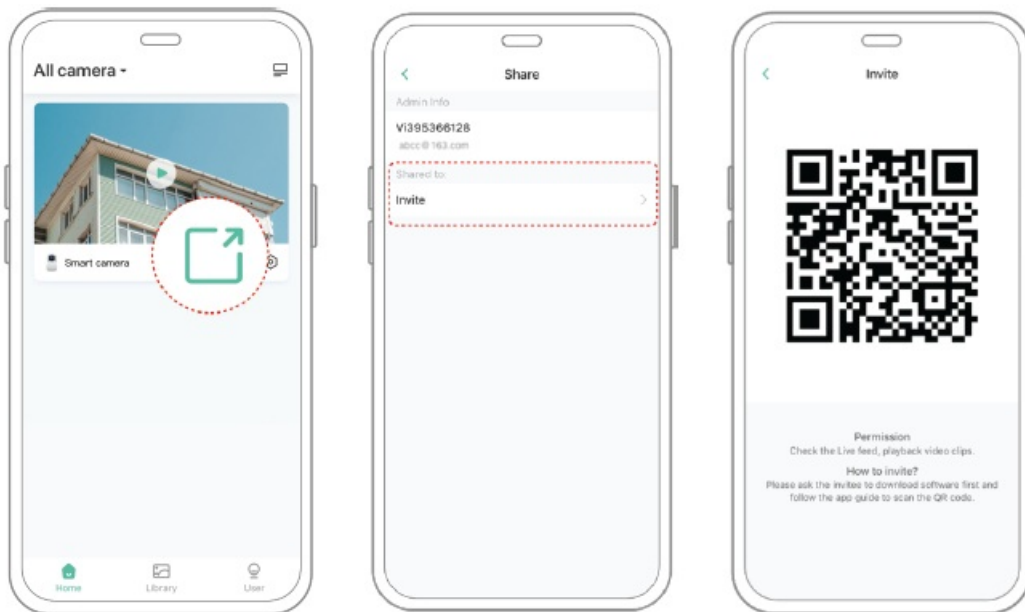

## Unbinding Device

If this device has been connected to other Wi-Fi or has been bound by other users, you need to unbind the device before rebinding. Device unbinding method: After the device is powered on and selfchecked, press and hold the reset button of the device for 5 seconds, the device will be reset and unbound.

## Share the camera

1. Find the camera you want to share on the App homepage or camera setting page. Click the share button and enter the sharing page.
2. Click "Invite", and a QR code will be generated for sharing.

3. For the members you need to share, find "Add a Friend's Camera" on the "User" page to enter the scanning page.
4. Scan the QR code on your mobile phone, and you will receive the confirmation notification after success. The sharing will be completed after you agree.

Horizontal angle	0° ~ 355°
Vertical angle	-20° ~ 60°
Field of view	63° horizontal, 50° vertical
Image resolution	1920 X 1080
Video bit rate	Adaptive
Image coding standard	H.264
Audio	Duplex two-way audio intercom
Storage media	Micro SD card (Up to 128GB)
Night vision light source	Infrared light
Network	Wi-Fi (2.4GHz 802.11b/g/n)
Operating temperature	-10°C ~ 45°C

## Regulatory Compliance

### FCC Statements

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Caution:** The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and

can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

## **RF Radiation Exposure Statement**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

## **LVD/EMC Directive**

This product complies with the European Low Voltage Directive 2014/35/EU and EMC Directive 2014/30/EU.

## **WEEE Directive-2012/19/EU**

The product this manual refers to is covered by the Waste Electrical & Electronic Equipment (WEEE) Directive and must be disposed of in a responsible manner. The product this manual refers to is covered by the Waste Electrical & Electronic Equipment (WEEE) Directive and must be disposed of in a responsible manner.

## **Disclaimer and Safety Warnings**

### **Copyright Statement**

No part of this manual may be copied, reproduced, translated or distributed in any form by any means without prior content in writing from our company (referred to as us hereafter).

The product described in this manual may contain proprietary software owned by our company and its possible licensors. Unless permitted, no one is allowed to copy, distribute, modify, abstract, decompile, disassemble, decrypt, reverse engineer, rent, transfer, or sublicense the software in any form by any means.

### **Export Compliance Statement**

Our company complies with applicable export control laws and regulations worldwide, including that of the People's Republic of China and the United States, and abides by relevant regulations relating to the export, re-export and transfer of hardware, software and technology. Regarding the product described in this manual, our company asks you to fully understand and strictly abide by the applicable export laws and regulations worldwide.

### **Privacy Protection Reminder**

Our company complies with appropriate privacy protection laws and is committed to protecting user privacy. You may want to read our full privacy policy at our website and get to know the ways we process your personal information. Please be aware, using the product described in this manual may involve the collection of personal information such as face, fingerprint, license plate number, email, phone number, GPS. Please abide by your local laws and regulations while using the product.

## **Power Requirements**

- Installation and use of the device must be in strict accordance with your local electrical safety regulations.
- Use a UL certified power supply that meets LPS requirements if an adapter is used.
- Use the recommended cordset (power cord) in accordance with the specified ratings.
- Only use the power adapter supplied with your device.
- Use a mains socket outlet with a protective earthing (grounding) connection.
- Ground your device properly if the device is intended to be grounded.

## Battery Use Caution

- When battery is used, avoid.
- High or low extreme temperatures during use, storage and transportation.
- Extremely low air pressure, or low air pressure at high altitude.
- Battery replacement.
- Use the battery properly. Improper use of the battery such as the following may cause risks of fire, explosion or leakage of flammable liquid or gas.
- Replace battery with an incorrect type.
- Dispose of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery.
- Dispose the used battery according to your local regulations or the battery manufacturer's instructions.
