H and C RE2 Sensor Trash Bin

Overview

Attention

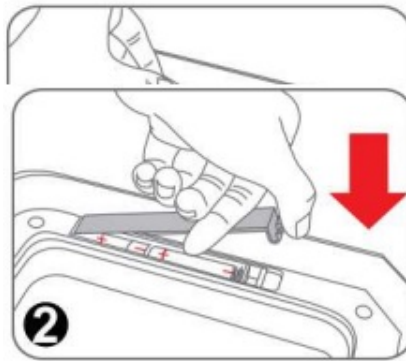

1. When inserting the batteries, follow the “+” and “-” markings.
2. Use a clean cloth to clean the bin. Please do not flush the bin as the electrical part of the bin is made up of many electrical components.
3. Water will damage the internal electrical components. Do not switch on if water has accidentally entered the bin.
4. Do not squeeze or turn the lid to avoid damage.
5. Replace the batteries in time to avoid liquid leakage.
6. Avoid using the dustbin in direct sunlight or a humid environment.
7. Keep the sensor area clean to ensure normal sensor function.
8. Do not mix acid and alkaline batteries or rechargeable and disposable batteries.
9. Please do not repair the bin or replace the electrical components yourself. Damage caused by this is not covered by the warranty.

Installation

Step 1: Fix the garbage bag Fasten the surplus part of the trash bag using the ring.

Step 2: Install the batteries Open the battery compartment and insert two AA batteries into the case as indicated in the image. Then, close the battery cover.

Step 3: Sensor Function If waste or any part of your body approaches the sensor area (15- 20cm), the lid will open automatically. If you move away from the sensor zone for 5 seconds, the lid will close automatically.

DECLARATION OF CONFORMITY
