Safety Information!

Electrical devices may only be installed and assembled by a qualified electrician in accordance with the relevant installation standards, guidelines, regulations, directives, safety and accident prevention regulations of the country.

Failure to comply with these installation instructions may result in damage to the device, fire or other hazards. These instructions are an integral component of the product and must be retained by the end user.

Electric shock when live parts are touched! An electric shock can lead to death!

- Isolate all connection cables before working on the device and cover any live parts in the area!
