SAFETY INSTRUCTIONS

Important Safety Instructions

1. Do not install near any heat sources, such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
2. **WARNING**: Only use attachments/accessories specified or provided by the manufacturer(such as the exclusive supply adapter, batter,y etc).
3. **WARNING**: The mains plug should be kept in a state that can be disconnected at any time to avoiemergencyon.
4. **WARNING**: The apparatus should not be exposed to dripping or splashing. Objects filled with liquids, such as vases or drinking glasses, should not be placed on the apparatus.
5. **WARNING: Please refer** to the electrical and safety information on the tablet and user manual before installing or operating the apparatus. Use the device where the ambient temperature is between 0° and 35° C (32° to 95° F). Low or high-temperature conditions might cause the device to change its behavior to regulate its temperature. Using your tablet in very cold conditions outside of its operating range might temporarily shorten the battery life and could cause the device to turn off. Battery life will return to normal when you bring the device back to higher ambient temperatures. Using the device in very hot conditions can permanently shorten battery life.
