### Halco CLW08C LED HID Retrofit Lamp

Can not use the electric generator to test the LED lamp. Please avoid using the led fixture in environments where there is smoke, sulfur, and corrosive substances. If used in such an environment, make sure the led fixture is well protected by an enclosed lampshade whose dimension is no less than below size, and whose material is either glass or semi-glass, semi-metallic. The surface of the lampshade shall not have any covering which prevents heat dissipation.
