hama 00005445 Basic 90 LED Reading Magnifier

Safety Notes

- The product is intended for private, non-commercial use only.
- Protect the product from dirt, moisture and overheating, and only use it in an adry environment.
- Do not use the product in areas where the use of electronic devices is not permitted.
- Do not drop the product and do not expose it to any major shocks.
- Do not attempt to service or repair the product yourself. Leave any and all service work to qualified experts.
- Do not modify the product in any way. Doing so voids the warranty.
- Dispose of packaging material immediately according to locally applicable regulations.
- Use the product for its intended purpose only.
- Do not use the product in the immediate vicinity of heaters or other heat sources or in direct sunlight.
- Do not operate the product outside the power limits given in the specifications.
- Do not open the device or continue to operate it if it becomes damaged.
- Keep this product, like all electrical products, out of the reach of children!
- Use the item only in moderate climatic conditions.
- Keep the packaging material out of the reach of children due to the risk of suffocation.

Warning –Batteries

When inserting batteries, note the correct polarity (+ and -markings) and insert the batteries accordingly. Failure to do so could result in the batteries leaking or exploding. Only use batteries (or rechargeable batteries) that match the specified type. Before you insert the batteries, clean the battery contacts and the polar contacts.

- Do not allow children to change batteries without supervision.
- Do not mix old and new batteries or batteries of a different type or make.
- Remove the batteries from products that are not being used for an extended period (unless these are being

kept ready for an emergency).

- Do not short-circuit batteries.
- Do not charge batteries.
- Do not throw batteries in a fire.
- Keep batteries out of the reach of children.
- Never open, damage or swallow batteries or allow them to enter the environment. They can contain toxic, environmentally harmful heavy metals.
- Immediately remove and dispose of dead batteries from the product.
- Avoid storing, charging or using the device in extreme temperatures and extremely low atmospheric pressure (for example, at high altitudes).

Warning –Button cells

- Do not ingest battery, risk of burns due to dangerous substances.
- This product contains button cells. If swallowed, the button cell can cause severe internal burns within just two hours and lead to death.
- Keep new and used batteries out of the reach of children.
- If the battery compartment does not close securely, stop using the product and keep it out of the reach of children.
- If you think that batteries were swallowed or are in a part of the body, seek medical assistance immediately.

Getting Started

Inserting the battery

- Use three LR41 button cell batteries.
- To insert or change the batteries, unscrew the device and insert the LR41 button cell batteries with the correct polarity into the battery compartment.
- Screw the device back together.

Warranty Disclaimer

Hama GmbH & CoKG assumes no liability and provides no warranty for damage resulting from improper installation/mounting, improper use of the product or from failure to observe the operating instructions and/or safety notes.

Recycling Information

Note –Disposal: Before disposal, cover the contacts of rechargeable batteries/batteries with insulating or adhesive tape to prevent a risk of short circuits.

Recycling Information

Note on environmental protection: After the implementation of the European Directive 2012/19/EU and 2006/66/EU in the national legal system, the following applies: Electric and electronic devices as well as batteries must not be disposed of with household waste. Consumers are obliged by law to return electrical and electronic devices as well as batteries at the end of their service lives to the public collecting points set up for this purpose or point of sale. Details to this are defined by the national law of the respective country. This symbol on the product, the instruction manual or the package indicates that a product is subject to these regulations. By recycling, reusing the materials or other forms of utilizing old devices/Batteries, you are making an important contribution to

protecting our environment.
