Package Contents

- USB-C Multiport
- These operating instructions

Safety Notes

- Do not attempt to service or repair the product yourself. Leave any and all service work to qualified experts.
- Do not open the device or continue to operate it if it becomes damaged.
- Do not operate the product outside the power limits given in the specifications.
- Do not modify the product in any way. Doing so voids the warranty.
- Keep this product, as all electrical products, out of the reach of children! Use the product for its intended purpose only.
- Protect the product from dirt, moisture and overheating, and only use it in a dry environment.
- The product is intended for indoor use only.
- Do not use the product in the immediate vicinity of heaters or other heat sources or in direct sunlight.
- Do not use the product in moist environments and avoid splashes.
- Do not use the product in areas where the use of electronic devices is not permitted.
- Do not drop the product and do not expose it to any major shocks.
- Dispose of packaging material immediately according to locally applicable regulations.

⚠️ **Warning**

- Find out the maximum output current capacity of the USB port on your device. To do this, consult the operating instructions or ask the manufacturer.
- Common values are 500 mA for USB-A 2.0, 900 mA for USB-A 3.0, and up to 3000 mA for USB-C.
- Ensure that the cumulative current draw of all USB devices connected to the hub/multiport adaptor does not exceed this value.

ⓘ **Note**

- Run USB receivers (radio / 2.4 GHz wireless) if possible directly on the computer / notebook.
- To be able to use the charging function, the device must support Power Delivery (PD) or Thunderbolt-3/4.
- To be able to use the HDMI™ function, the device must support DisplayPort Alternate Mode or Thunderbolt-3/4.
- For optimised video function, we recommend passive monitor adapters / cables (without chipset / signal converter).

Startup and Operation

- Switch on your computer and boot the system.
- Connect the product to a free USB port on your computer.
- You do not have to install drivers; the computer will automatically recognise the product.
- If necessary, follow the instructions for your operating system.
- In order to use your devices, plug them into the product one after the other.

Warranty Disclaimer

Hama GmbH & Co KG assumes no liability and provides no warranty for damage resulting from improper installation/mounting, improper use of the product or from failure to observe the operating instructions and/ or safety notes.

ⓘ Technical Data

Operating voltage / current consumption	5 – 20 V ▬▬ max. 5 A
Compatibility	USB-C port
System requirements	Windows 11 / 10 / 8 / 7 Mac OS 10.8 ≥
USB specification	USB 3.2 Gen1

ⓘ **Note**

- If there is interference or the product no longer responds, unplug the product, wait a few seconds and then plug it in again.
