- These operating instructions

## Safety Notes

- Do not attempt to service or repair the product yourself. Leave any and all service work to qualified experts.
- Do not open the device or continue to operate it if it becomes damaged.
- Do not operate the product outside the power limits given in the specifications.

- Do not modify the product in any way. Doing so voids the warranty.
- Keep this product, as all electrical products, out of the reach of children!Use the product for its intended purpose only.
- Protect the product from dirt, moisture and overheating, and only use it in a dry environment.
- The product is intended for indoor use only.
- Do not use the product in the immediate vicinity of heaters or other heat sources or in direct sunlight.
- Do not use the product in moist environments and avoid splashes.
- Do not use the product in areas where the use of electronic devices is not permitted.
- Do not drop the product and do not expose it to any major shocks.
- Dispose of packaging material immediately according to locally applicable regulations.

## Startup and Operation

- Switch on your computer and boot the system.
- Connect the product to a free USB port on your computer.
- When used with Windows 7, a pop-up window (dialog) now appears for the driver installation. Follow the instructions and execute the installation fully.
- From Windows 8 and Mac OS 10.8, the driver / software is already integrated into the operating system. An additional installation is therefore not necessary.
- If necessary, follow the instructions for your operating system.
- Connect the network cable now to establish an Internet / network connection.

## Warranty Disclaimer

Hama GmbH & Co KG assumes no liability and provides no warranty for damage resulting from improper installation/mounting, improper use of the product or from failure to observe the operating instructions and/or safety notes.
