Thank you for choosing Hama product. Take your time and read the following instructions and information completely. Please keep these instructions in a safe place for future reference. If you sell the device, please pass these operating instructions on to the new owner.

## Explanation of Warning Symbols and Notes

### Warning

This symbol is used to indicate safety instructions or to draw your attention to specific hazards and risks.

### Note

This symbol is used to indicate additional information or important notes.

## Package Contents

- X-Pointer 6in1' laser presenter
- 2AAA batteries
- Set with warning labels
- These operating instructions

## Safety Notes

- The product is intended for private, non-commercial use only.
- Protect the product from dirt, moisture, and overheating, and only use it in an adry environment.
- Do not drop the product and do not expose it to any major shocks.
- Do not operate the product outside the power limits given in the specifications.
- Do not continue to operate the device if it becomes visibly damaged.
- **Children** are not permitted to play with the device.
- Dispose of packaging material immediately according to locally applicable regulations.
- Do not modify the product in any way. Doing so voids the warranty.

### Warning –Batteries

- When inserting batteries, note the correct polarity (+ and -markings) and insert the batteries accordingly. Failure to do so could result in the batteries leaking or exploding.
- Only use batteries (or rechargeable batteries) that match the specified type.
- Always choose the battery size and grade that best suits the intended purpose. Keep these operating instructions in a safe place for future reference, as they provide information about choosing the right battery.
- Replace all the batteries in a set at the same time.
- Do not short-circuit batteries.
- Do not charge batteries.
- Do not throw batteries in a fire.
- Keep batteries out of the reach of children.
- Do not allow children to change batteries without supervision.

- Remove the batteries from products that are not being used for an extended period.
- Immediately remove and dispose of dead batteries from the product.
- Before you insert the batteries, clean the battery contacts and the polar contacts.

### **Warning –Laser**

- Do not look directly at the laser beam! Close your eyes and turn your head away if your eyes meet the laser beam.
- Do not shine light at persons using binoculars or telescopes!
- Do not look directly at the laser beam! Do not look directly at the laser beam using optical instruments!
- This product contains a class 1 laser in accordance with EN60825-1:2014.

## **Operation**

### **Inserting the battery (Fig. 1)**

- Use only AAA batteries (alkaline /zinc-carbon).
- To insert or change the battery/batteries, insert the AAA battery/batteries with the correct polarity into the battery compartment.

### **Operation**

- Insert the USB receiver into an unused USB port on your PC (Fig. 2).
- Press the laser button  to activate the built-in laser.

### **Controls (Fig. 3)** **‘Air mouse’ mode**

- Press the  function button to start/exit the mode.
- Now control the mouse pointer by moving the presenter.
- In this mode, the  and  function buttons correspond to the commands of the left and right mouse buttons.

## **Care and Maintenance**

Only clean this product with a slightly damp, lint-free cloth, and do not use aggressive cleaning agents. Make sure that water does not get into the product.

## **Warranty Disclaimer**

Hama GmbH & Co KG assumes no liability and provides no warranty for damage resulting from improper installation/mounting, improper use of the product or failure to observe the operating instructions and/ or safety notes.

## Technical Data
