hama WM-100 3 Button Mouse

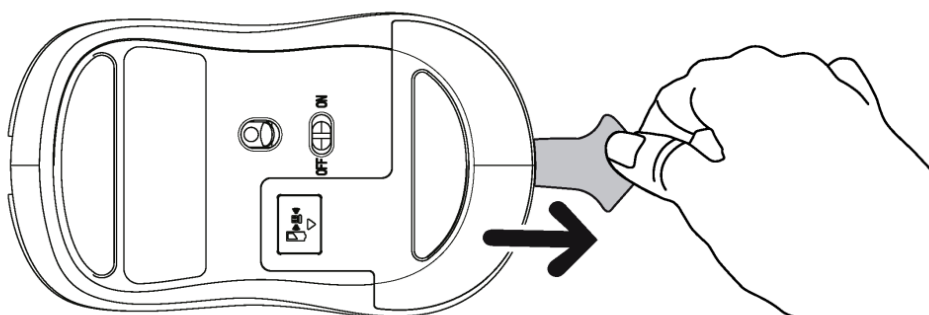

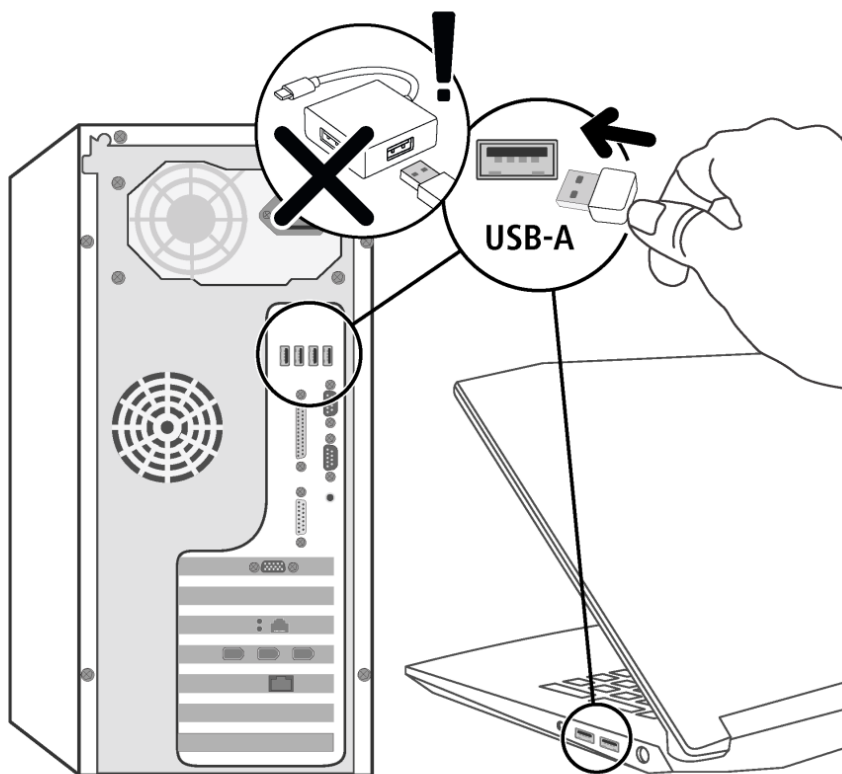

INSTRUCTION MANUAL

MODEL: WM-100

Installation

1. Connect the USB-A end of the mouse to an available USB port on your computer.
2. Wait for the operating system to detect and install the necessary drivers for the mouse.
3. Your mouse is now ready to use.

A**B****Operation**

To use the 3-Button Mouse WM-100:

- Left-click: Press the left button once.
- Right-click: Press the right button once.
- Middle-click: Press the middle button once (if available).

Maintenance

To ensure optimal performance and longevity of your mouse:

- Regularly clean the mouse using a soft, dry cloth.
- Avoid exposing the mouse to liquids or extreme temperatures.
- Store the mouse in a safe and dry place when not in use.

FAQ (Frequently Asked Questions)

Q: What should I do if my mouse is not working?

A: If your mouse is not working, try the following troubleshooting steps:

- Check that the USB connection is secure.
- Try using the mouse on a different computer to isolate the issue.
- Replace the batteries if it is a wireless mouse.
- Contact customer support for further assistance.

Q: Can I customize the buttons on the mouse?

A: Depending on your operating system and software compatibility, you may be able to customize the button functions through specific settings or third-party software. Refer to the user manual or online resources for more information on customization options.
