Hamlet XZR101UA USB A Memory Card Reader

Hamlet XZR101UA Memory Reader User Manual

Product Information

The Hamlet XZR101UA is a memory reader that supports SD and MicroSD cards. It also has a single port USB 2.0 hub that can be used for connecting USB devices such as mouse and keyboard or for charging smartphones and tablets. The device uses a USB Type-A interface that allows it to be connected to virtually any computer equipped with a standard USB port. The Hamlet XZR101UA is manufactured with materials and components that comply with RoHS Directives 2011/65/EU & 2015/863/EU, with WEEE Directives 2002/96/CE, 2003/108/CE Italian Legislative Decree 2005/15 and EMC Directive 2014/30/EU for the following standards: EN 55032: 2015 + A11: 2020 EN 55035: 2017 + A11: 2020

Product Usage Instructions

1. Connect the card reader to the computer through the USB cable.
2. The device will be automatically recognized by the system without the need to install drivers.
3. **Note:** The device supports one slot at a time only.

Disposal Instructions

Once the Hamlet XZR101UA has run its life span, dispose of it in an environmentally friendly way by putting it in the separate bins for electrical/electronic waste or return it to your retailer who will collect it for free.

Contact Information

The complete CE declaration of conformity of the product can be obtained by contacting Hamlet at info@hamletcom.com. Visit www.hamletcom.com for complete information on all Hamlet products and to access downloads and technical support.
