## SAFETY INSTRUCTIONS

- Approved according to ECE R10, CE
- Do not look into the light without protecting the eyes – risk for glare and/or eye damage.
- Do not expose any part of the product to water or any other liquid.
- Watch out for naked flames and other sources of fire.

## SYMBOLS

	Read the instructions.
	Approved in accordance with the relevant directives.
	Recycle a discarded product in accordance with applicable regulations.

## DESCRIPTION

Rechargeable yellow and white work lighting for different situations. The white light is used, among others, for household lighting, in the garage, camping, and in the boat.

The yellow light is used in emergency situations. The rechargeable lithium battery is sufficient for about four hours of operating time and can be replaced when its useful life is over. Mains adapter and spanner supplied.

1. Status lamp
2. Power switch (On/Off)
3. Light mode selector
