**Hanwha Vision QNV-C6083R Network Camera**

## Product Information

### Specifications

- **Model:** QNV-C6083R, QNO-C6083R
- **Environment:** Indoor/Outdoor
- **Resolution:** [Insert Resolution]
- **Compatibility:** Hanwha NVR, VMS
- **Environmental Certification:** EU RoHS Directive

## Product Usage Instructions

### Installation

1. Check the components included in the package.
2. Choose the installation method based on your preference: wall/ceiling mount or pipe mount.
3. Securely install the camera using the provided hardware.
4. For outdoor installation, ensure proper IP66-rated network cable installation.
5. For additional features like audio/alarm cables, follow the provided guidelines.

### Configuration

1. Access the camera login window by entering the user ID and password.
2. Default login credentials: User ID – admin, Password – [Insert default password].
3. To connect to WiFi, use the OTG adapter and WiFi dongle with the micro USB port.
4. For enhanced security, choose strong passwords with special characters.

## FAQ

- **Q: What microSD cards are compatible with the camera?**

- **A:** The camera supports microSD, microSDHC, and microSDXC cards. Make sure to use cards with appropriate capacities for your needs.

- **Q: Where can I find the latest software updates for the camera?**

- **A:** You can download the latest software updates, including firmware and manuals, from our official website at <https://www.hanwhavision.com/en/download-data/>.

### Important

Please check 'Manuals' from our website, before connecting to the Supply,

<https://www.hanwhavision.com/en/download-data/>

## Warranty

Please check "Product warranty information" on our website.

<https://www.hanwhavision.com/en/support/warranty/>

We recommend using the officially compatible VMS version or the latest Hanwha NVR version when integrating with VMS or Hanwha NVR.

Hanwha Vision cares for the environment at all product manufacturing stages and is taking measures to provide customers with more environmentally friendly products. The Eco mark represents Hanwha Vision's devotion to creating environmentally friendly products and indicates that the product satisfies the EU RoHS Directive.

## Correct Disposal of This Product (Waste Electrical & Electronic Equipment)

(Applicable in the European Union and other European countries with separate collection systems) This marking on the product, accessories or literature indicates that the product and its electronic accessories (e.g. charger, headset, USB cable) should not be disposed of with other household waste at the end of their working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate these items from other types of waste and recycle them responsibly to promote the sustainable reuse of material resources.

Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take these items for environmentally safe recycling. Business users should contact their supplier and check the terms and conditions of the purchase contract. This product and its electronic accessories should not be mixed with other commercial wastes for disposal.

## Correct disposal of batteries in this product

(Applicable in the European Union and other European countries with separate battery return systems.)

This marking on the battery, manual or packaging indicates that the batteries in this product should not be disposed of with other household waste at the end of their working life. Where marked, the chemical symbols Hg, Cd or Pb indicate that the battery contains mercury, cadmium or lead above the reference levels in EC Directive 2006/66. If batteries are not properly disposed of, these substances can cause harm to human health or the environment.

To protect natural resources and to promote material reuse, please separate batteries from other types of waste and recycle them through your local, free battery return system.
