## TROUBLESHOOTING

### Q1. The tablet doesn't power on.

- Reboot your tablet after charging for more than 30 minutes.
- Press the power button to check if the tablet is in the Sleep Mode.
- Press and hold the power button for 7-8s to reboot it.
- Press the Reset button with a pin to reboot the tablet.

### Q2. The tablet doesn't charge.

- Make sure the USB cable is properly plugged into the charging port.
- Try another compatible USB cable and adapter.

### Q3. Error message occurs during the operation.

- Uninstall the App with the error message, then download and install it again.
- Press the Reset button with a pin to reboot the tablet.

### Q4. The tablet cannot be detected by the computer.

- Make sure the tablet is powered on.

- Try another USB cable.
- Try another USB port on the computer.
- Instead of Charge only, choose Media device(MTP) or Camera(PTP) when connecting the tablet to the computer.

**Q5. The tablet cannot connect to the Wifi.**

- Make sure the Wifi on your tablet is ON.
- Make sure you input the correct password when connecting to the Wifi.
- Restart the router.
- Make sure there is no filter setting or device connection limitation in the setting of the router.
- Forget the current Wifi, reset the router and connect the Wifi again.

**Q6. The storage space of the tablet is not enough.**

- Delete the Apps you don't use.
- Clear the cache of the Apps regularly.
- Install a microSD card to expand the storage.

**Q7. The tablet comes with scratches on the screen.**

- Check if the scratches are on the film. If yes, please remove the film.

**Q8. The screen is unresponsive.**

- Check if the screen is dusty or greasy. If yes, please gently wipe the screen with a cloth to clean it.

**Q9. How to use your voice to search for a fact?**

- Tap the microphone icon on the Google Search bar, tell the tablet what you want to know and it will show you the search results.

**FCC Statement**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following four conditions:

1. This device may not cause harmful interference;
2. This device must accept any interference received, including interference that may cause undesired operation;
3. This device complies with FCC radiation exposure limits set forth for an uncontrolled environment;
4. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

**NOTE:**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause

harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**WARNING:**

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

**IC statement**

This device complies with RSS247 of Industry Canada. Cet appareil se conforme a RSS247 de Canada d'Industrie. This device complies with Industry Canada license exempt RSS standard(s). Operation is subject to the following four conditions:

1. This device may not cause interference;
2. This device must accept any interference, including interference that may cause undesired operation of the device;
3. This device complies with Canadian radiation exposure limits set forth for an uncontrolled environment;
4. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

**CAUTION**

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS

The symbol indicates DC voltage

RECYCLING

This product bears the selective sorting symbol for waste electrical and electronic equipment (WEEE). This means that this product must be handled pursuant to European directive 2012/19/EU in order to be recycled or dismantled to minimize its impact on the environment.
