## SAFETY INSTRUCTIONS

- It is recommended to anchor the product to the ground or a stable surface by drilling holes at the markings on the floor of the product and using suitable anchor screws (sold separately).
- Check that the product is firmly anchored and that the underlayer is level.
- Handle parts with steel edges carefully.
- Only use the specified tools for assembly and handling of the product.
- Do not use lawn mowers, trimmers, etc. near the product.
- Do not store volatile substances or hot items such as a recently used grill or burner in the product.
- Do not lean heavy items against the walls, this can cause the product to deform.
- Place the product so that it is protected from the wind as much as possible, especially on the door side. Keep the doors closed and locked when the product is not in use, to prevent damage caused by the wind.
- Do not climb or stand on the top.

## SYMBOLS

	Read the instructions.
	Approved in accordance with the relevant directives.
	Recycle discarded products in accordance with local regulations.

## TECHNICAL DATA

Size	W130xH110xD74 cm
Weight	17 kg

## DESCRIPTION

Maintenance-free and ventilated storage unit, complete with floor. Fits under a window or fence thanks to its low height. Space for two 120-liter dustbins. Lockable with max 10 mm padlock (sold separately). 4 shelves can also be fitted (sold separately).

## ASSEMBLY

### PREPARATIONS

Read all the instructions and safety instructions. Check before assembly that no parts are missing or damaged. Remove all the parts from the packaging and place them on a clean surface. Carefully follow the assembly instructions. Smooth the ground and check that it is level.

## FIG. 1
