HARMAN MGU21 BMW Navigation Navi Radio MGU
Technical Information

Materials

Declaration of Conformity to RED regulation 2014/53/EU

Declaration of Conformity (DoC)

Hereby, Harman Becker Automotive Systems GmbH declares that the radio equipment type MGU21 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: (*1)

FCC/ISED statements (North America)

Modification statement:
The party responsible for the compliance has not approved any changes or modifications to this device by the user. Any changes or modifications could void the user’s authority to operate the equipment.

Wireless notice:
This device complies with FCC/ISED radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines and RSS-102 of the ISED radio frequency (RF) Exposure rules. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. The 2 transmitting antennas will be installed at distances from 5.1 cm to more than 20cm from any car passenger.

CAN ICES-3 (B) / NMB-3 (B)
This Class B digital apparatus complies with Canadian ICES-003.

FCC Class B digital device notice
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However,
there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Environmental information

Remote Control and Wireless Headphone –
Batteries contain harmful substances. Please don’t throw it into the household trash. Use environmental disposal.
