harmonizedhome ITL1120A22 Table Lamp

Product Information

Specifications:

- Model: ITL1120A22
- Date: 10/22
- Bulb Type: A
- Maximum Wattage: 60W

Important Safety Instructions:

1. Read all instructions before use.
2. Save these instructions for future reference.

Safety Precautions:

1. Do not plug in lamp to power before installation is complete.
2. **Caution:** This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use an extension cord

unless the plug can be fully inserted. Do not alter the plug. AC only.

3. Install proper bulb type and wattage.

4. **To clean the fixture:** Turn off the power, wait for it to cool, and wipe the fixture with a clean, soft cloth.

Installation:

The installation process for the Table Lamp is as follows:

1. Ensure that the lamp is unplugged before starting the installation process.
2. Attach the spinner nut to the base of the lamp.
3. Place the shade over the spinner nut and secure it in place.
4. Insert the appropriate bulb type (Type A) with a maximum wattage of 60W into the socket. Note that the bulb is not included with the product.
5. Once the installation is complete, plug in the lamp to a polarized outlet.

FAQ (Frequently Asked Questions)

1. Q: Can I use a bulb with a wattage higher than 60W?
 1. A: No, it is important to follow the specified maximum wattage of 60W to ensure safe operation and prevent overheating.
2. Q: What should I do if the lamp does not fit in the outlet?
 1. A: If the plug does not fit fully in the outlet, try reversing the plug. If it still does not fit, contact a qualified electrician for assistance.
3. Q: Is the bulb included in the product?
 1. A: No, the bulb is not included. You will need to purchase a Type A bulb with a maximum wattage of 60W separately.
