## DS-PDB-IN-UBKT2 Internal Universal Bracket Compatible to Indoor PIR Detectors

“

---

## Product Specifications

- **General:** Internal Universal Bracket

- **Shell material:** Not specified
  - **Dimension (WxHxD):** Not specified
  - **Weight:** Not specified
- 

## Product Information

The DS-PDB-IN-UBKT2 is an internal universal bracket designed to be compatible with Indoor PIR/Dual-tech Detectors. It allows for multi-angle adjustment and can be used cooperatively with indoor detectors. The installation methods include wall mounting and ceiling mounting.

---

## Installation Instructions

1. **Wall Mounting:** Follow the provided instructions to securely attach the bracket to the wall at the desired location.
  2. **Ceiling Mounting:** If opting for ceiling mounting, ensure proper installation according to the guidelines provided.
  3. **Cooperative Use:** When using the bracket with indoor detectors, ensure proper alignment and secure attachment for optimal performance.

## Frequently Asked Questions (FAQ)

**Q: Can this bracket be used with both wall and ceiling-mounted detectors?**

A: Yes, the DS-PDB-IN-UBKT2 is designed to be compatible with both wall and ceiling mounting for indoor detectors.

**Q: Is the bracket suitable for outdoor use?**

A: No, this bracket is specifically designed for indoor use with compatible detectors.

**Q: How do I adjust the angle of the bracket?**

A: The bracket allows for multi-angle adjustment by following the provided instructions for angle modification.
