## Mounting Instructions

### Start here

1. Find, a clear area in which you can work.
2. Unpack fixture and glass from carton.
3. Carefully review instructions prior to assembly.

## Transformer diagram

1. First plug photocell jumper (3) in (if needed)
2. Next knockout conduit knockout in order to create an opening for dimmer box (1)
3. Secure dimmer box (1) to transformer using lock ring (2). Wires from dimmer box should run through the conduit knockout.
4. Connect key connectors from dimmer box (5) and daughter board (6) together.
5. Connect the free wires from the dimmer box into the COM and 12V terminal block connectors (8)
6. Connect light fixture wires to the positive and negative terminals at the end of the daughter board (7) Note: fixture wire larger than 10 gage cannot be used on the daughter board. The board also features two positive and negative terminals to run multiple fixture lines. Wire zone 1 fixtures to Z1+ and Z1- and wire Zone 2 fixtures to Z2+ and Z2-.
7. Use wall plug (4) to power on transformer
8. Download the Hinkley app to control dimmer settings. Refer to page 2 for app instructions

## App Instructions

### Downloading the Hinkley app

#### INKLEY SMART FAN OPTIONS:

In addition to the included wall control, you can control your Hinkley fan through the Hinkley app.

- To use the app, download it for free from the App Store or Google Play.
- Open the app to and you will be prompted to create an account
- Enter all necessary information to create the account
- After account is created you will receive a verification code email to finish setting up the app (Check spam folder if email is not received)
- Confirm Bluetooth is enabled to allow the fan and app to connect to each other
- Click add a device on the home screen and select your device
- The app will then have you enter in wifi name and password
- Click done on the app to complete connecting the device
- The app will have options on the main screen for full device functions and setting automated timers/schedules.
- Scan the QR code below for more information on app operation
