Setting Up Your iPhone

Compatibility

- The Find Wallet is only compatible with iPhone 12 series or later phones running iOS 14.5 or later with Two-Factor Authentication turned on.
- Turn on Two-Factor Authentication for your Apple ID

On your iPhone:

- Go to Settings > your name > Password & Security. Tap Turn On Two-Factor Authentication. Then tap Continue and follow the onscreen instructions. On your Mac: choose Apple menu > System Settings (or System Preferences), then click on your name (or Apple ID). Click Password & Security. Next to Two-factor Authentication, click Turn On and follow the onscreen instructions.

On the web:

- Go to appleid **apple.com** and sign in using your Apple ID. Answer your security questions, then tap Continue, Tap Continue when you see a prompt to update account security. Then tap Update Account Security and follow the onscreen instructions.
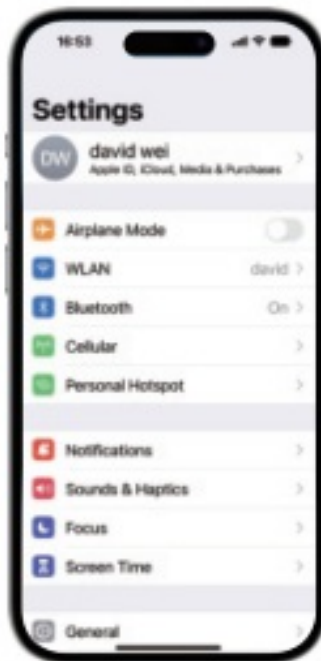

- Turn on Find My

Go to Settings.

- Tap your name, then tap Find My.
- Tap Find My iPhone and turn on Find My iPhone.

Turn on Bluetooth

- Connect to a stable Wi-Fi or cellular network

Turn on Location Services

- Go to Settings > Privacy & Security > Location Services > turn on Location Services.

Getting Started

Power on

- Short press the Wallet's power button once, and a beep will sound to indicate that it is turned on.

Power off

- To power off, short press the the power button twice, then long press the power button; When you hear a beep, it indicates that your "wallet" has been turned off.
- If your Wallet is not paired within 10 minutes, you will hear a beep and it will automatically power off. Power on to continue pairing.

Factory reset

- To reset, short press the power button 4 times, then long press the power button until you hear a beep, it indicates the factory reset has been completed.

Pairing Your Wallet

1. Ensure your iPhone is set up (see "Setting Up Your IPhone" above) and your Wallet is powered on.

2. Open the Find My app.

3. In the Items tab, tap Add New Item.

4. Tap Other Supported Item (your iPhone will search for your Wallet).

5. Once your Wallet is detected, tap Connect.

6. Follow the onscreen steps to name it and register it to your Apple ID.

7. Ensure your Wallet appears in Items. If not, forget the device, perform a factory reset on the Wallet (see "Getting Started > Factory reset" above), then reconnect.

8. Do not leave Find My app while pairing Wallet.
Locating Your Wallet

Locate your Wallet via the map

1. Open the Find My app.

2. Tap the Items tab.

3. Select your Wallet in the Items list.

4. Tap Directions to open the location of your Wallet and get directions in the Maps app.

Play sound alert

1. Open the Find My app.

2. Tap the Items tab.

3. Select your Wallet in the Items list and tap Play Sound*.

4. The sound alert will only play if your iPhone is connected to a network. and your Wallet is in Bluetooth range of your iPhone (approx. 160f/50m).
Set up Notify When Left Behind

- If your Wallet is not in Bluetooth range of your iPhone for a period of time, you will receive a notification that your Wallet has been lost (if you set up a name, the name will be displayed, otherwise it will show Find Wallet).

1. Open the Find My app.
2. Tap the Items tab.
3. Select your Wallet in the Items list and scroll down.
4. Under Notifications, tap Notify When Left Behind and turn on.

Mark your Wallet as lost

1. Open the Find My app.
2. Tap the Items tab.
3. Select your Wallet in the Items list and scroll down.
4. Ensure Notify When Left Behind is turned on.
5. Under Lost Mode, tap Enable, then tap Continue.
6. Enter your phone number/email address so that the finder of your Wallet can contact you, then tap Activate.
Changing the Name of Your Wallet

1. Open the Find My app and tap the Items tab.
2. Select your Wallet in the Items list.
3. Scroll down and tap Rename Item.

4. Select a name from the list or select Custom Name.
5. For Custom Name, input a name and select an emoji.
6. Tap Done.

Removing Your Wallet

- Removing your Wallet from your Apple ID will allow it to be activated and used by another person.

1. Ensure that your Wallet is connected to your iPhone*.
2. Open the Find My app.
3. In the Items tab, tap the Wallet.
4. Tap Remove Item, tap Remove, and confirm to remove.

- If not connected when removing your Wallet from your Apple ID, it will no longer be discoverable and you will need to perform a factory reset before creating a new connection (see "Getting Started > Factory reset" above).

Unwanted Tracking Notification

- If your Wallet is separated from your iPhone and is detected moving with another person with an Apple device over time, that person will receive a tracking alert message.
