HMF 301 Key Box

Product Information: KEY BOX

The KEY BOX is a safe designed for storing keys securely. It has a combination lock that can be set to a personalized code by the user. The safe is available in two models with article numbers 301 and 303.

Product Usage Instructions

1. Turn all three numbers onto the combination 0-0-0.
2. Open the safe and slide the RESET switch on the back of the combination lock to the position B (refer Figure 1).
3. Set your desired combination on the lock.
4. Now push the RESET switch to position A (refer Figure 2).
5. IMPORTANT: Write down your number combination!

The number combination is stored now. To change the combination, repeat steps 1-4.
