HMF 3502 Combination Padlock

Product Information

Padlock (ART.-NO.: 3502)

The Padlock is a combination lock that can be used to secure various items such as lockers, cabinets, and suitcases. It has a three-digit combination that can be set and reset according to the user's preference.

Product Usage Instructions

1. Turn all three numbers onto the combination 0-0-0 and slide the black lever to the left (Figure 1).
2. On the back of the padlock is a slot screw (Figure 2). Turn the screw head to the left.
3. Set your desired combination on the lock. **IMPORTANT: Write down your number combination!**
4. With the lock open, turn the slot screw on the back into the starting position to the right.
5. To lock the lock, turn the black lever back to the right.

The number combination is now stored. To change the combination, repeat steps 1-5.
