HOLMAN WX1 Tap Timer and Wi-Fi Hub Setup Apps User Guide

For the #SMARTGARDENER

Contents

## ADDING YOUR Wi-Fi HUB TO HOLMAN HOME USING AP MODE

1. Plug your Wi-Fi Hub into a power source near your Wi-Fi router
2. Open Holman Home and add a new device by tapping plus [a] on the HOME screen
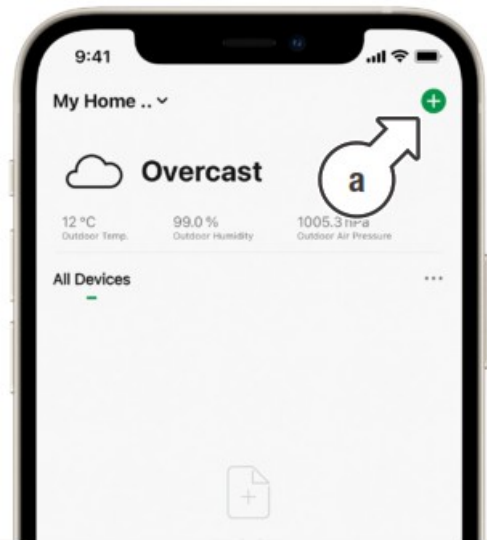

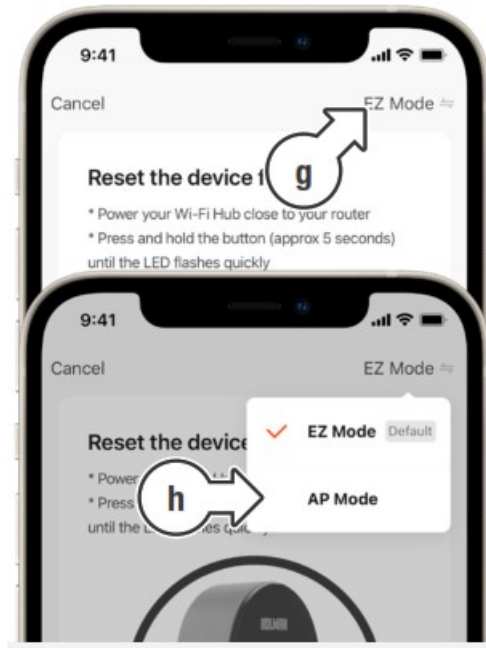

3. Tap **GARDEN WATERING** [b] and choose Wi-Fi HUB [c]

4. Enter your Wi-Fi network [d] and password [e], then tap NEXT [f]

5. On the following screen, tap EZ MODE [g]

6. From the drop-down menu, tap AP MODE [h]

7. Reset the Wi-Fi Hub as per the instructions provided on-screen [i]

8. Once the Wi-Fi Hub is flashing accordingly, check the LED confirmation toggle [j] and tap NEXT [k]
   ℹ️ The Wi-Fi Hub has three flashing modes:

    • Fast flash
    • Slow flash

    • Slow long blink

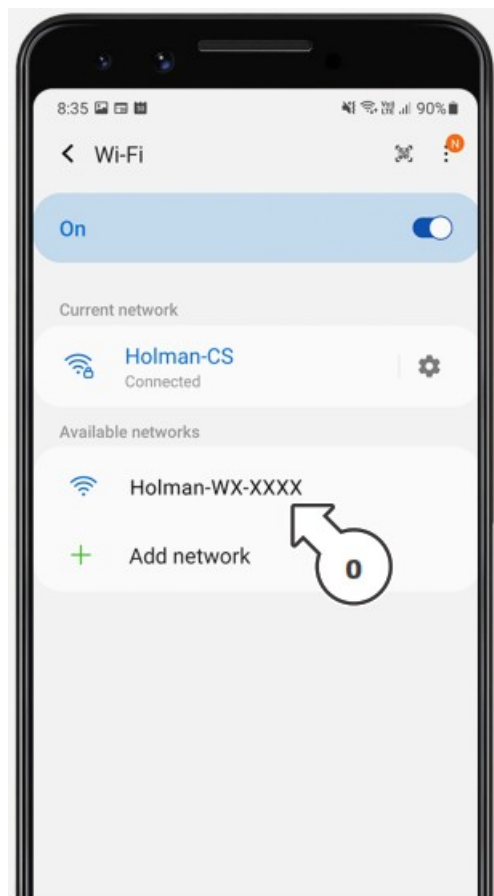

9. On the following screen, tap GO TO CONNECT [l]

10. apple iOS only: If redirected to SETTINGS, tap Wi-Fi [m]

11. apple iOS only: Tap Holman-WX-XXXX [n] and wait until the network is connected

12. ![Android] android Android only: Tap the Holman-WX-XXXX [o] and wait until the network is connected

ⓘ ![Apple] apple iOS or android Android: If the Holman-WX-XXXX network does not show in your Wi-Fi settings, try the following:

✓ Disable Wi-Fi on your smartphone, wait a few moments and turn Wi-Fi back on

✅ You may need to reset your Wi-Fi Hub again; Hold the button for approximately 5 seconds to change to fast-flash mode, then hold the button again for approx 5 seconds to change back to slow-flash mode

13. 🤖 android Android only: Ignore messages such as "Connected without internet" and tap chevron-left in the Android nav bar to ignore[p]
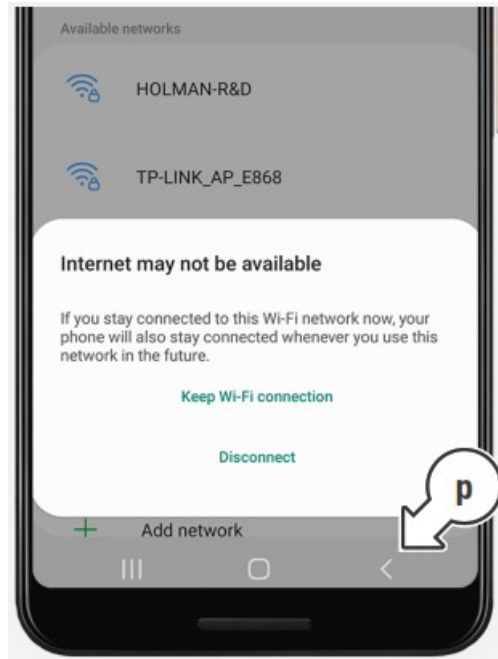

14. 🤖 **android Android only:** Once **Holman-WX-XXXX** is the active network, return to Holman Home using by tapping the multi-screen icon [q]
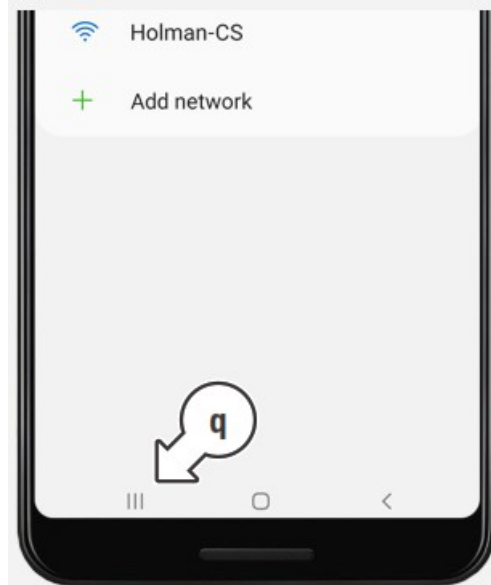

15. **iOS** only: Once **Holman-WX-XXXX** is the active network [r], return to Holman Home using by tapping the Holman Home shortcut [s]
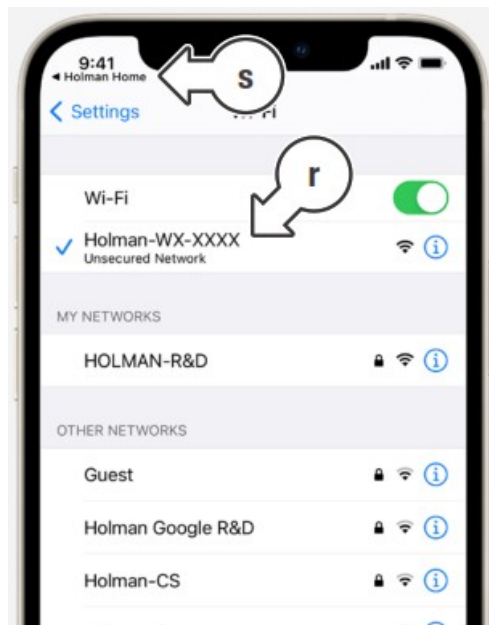

16. Wait while your **Wi-Fi Hub** is being added to **Holman Home** [t]

17. If your **Wi-Fi Hub [u]** connects successfully, tap **DONE** [v]

18. After confirming the connection, tap **ADD/VIEW DEVICES** [w] and follow the prompts to connect the **Wi-Fi Socket** and **WX1 Tap Timer**

⚠️ If this method of connecting the **WX1 Tap Timer** and **Wi-Fi Socketdoes** not work, tap the back button [x] to go back to the **HOME** screen, and follow the next set of instructions for an alternative connection method
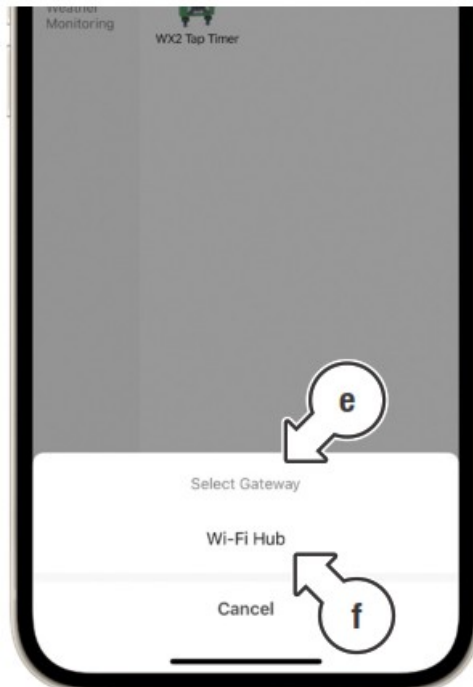

ADDING YOUR WX1 TAP TIMER AND Wi-Fi SOCKET TO HOLMAN HOME

1. Ensure your **WX1 Tap Timer** is close to your router and install 4× 1.5v AA alkaline batteries [a]
2. From the **HOME** screen tap plus [b] to add the **WX1 Tap Timer** and Wi-Fi Socket
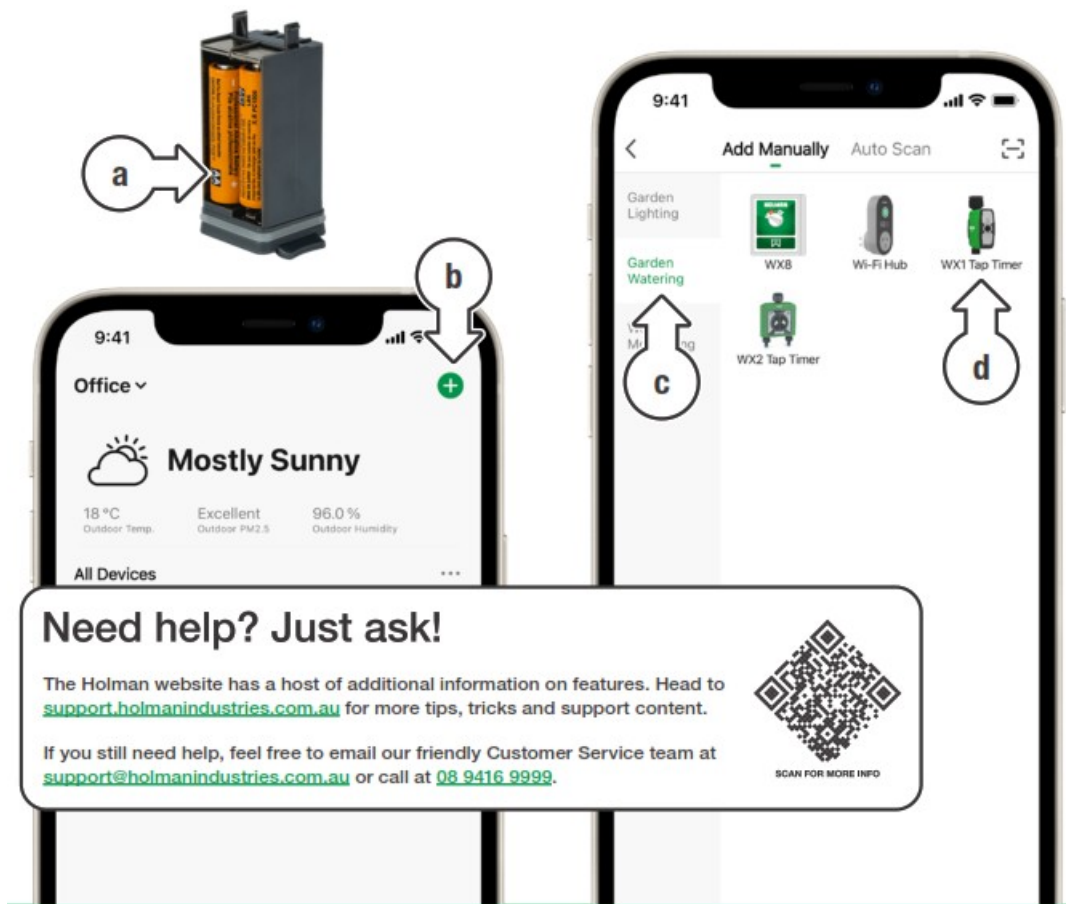

3. Tap **GARDEN WATERING** [c] and choose **WX1 Tap Timer** [d] When a **GATEWAY** [e] is requested, select **Wi-Fi HUB** [f]

4. Reset the **WX1 Tap Timer** as per the instructions provided on-screen [g]

5. Once the **WX1 Tap Timer** is flashing accordingly, check the LED confirmation toggle [h] and tap **NEXT** [i]

 If your **WX1 Tap Timer** fails to add to Holman **Home,** restart the app, and start the process again to add your **WX1 Tap Timer and Wi-Fi Socket**
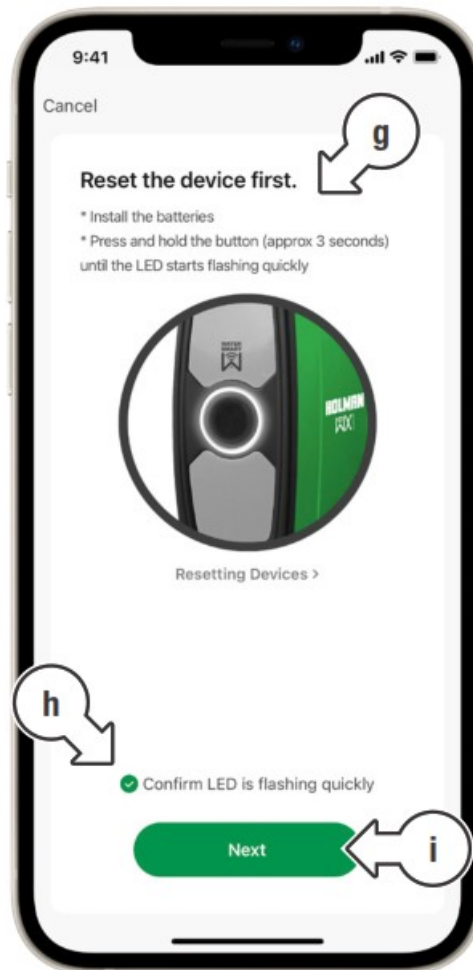

6. Wait until both the **WX1 Tap Timer** [j] and **Wi-Fi Socket** [k] have been added, then tap **DONE** [l]
