HOMCOM 831-493V70 Touch Control Table Mirror

Product Information

Specifications

- Product name: Desktop LED vanity mirror
- Material: Metal and glass
- Colour temperature: 3000-6500K
- Power supply: 12V/1A
- Product size: 47.4H x 32.8L x 11Wcm

Features

- LED light
- Mirror lighting setting
- 'Power' touch sensor
- Brightness setting
- DC12V/1A input

List of Items

- Desktop LED vanity mirror
- Power adapter
- Instruction manual

Operating Instructions

1. Use the original adapter DC12V/1A. Connect the adapter to the port at the back.
2. Press the on/off button to turn the lights on/off. The lights will be at full brightness when turned on.
3. Hold the brightness button to adjust the brightness.
4. Press the lighting setting button to switch between warm, natural, and cool lighting.
5. Unplug the adapter when the appliance is off.

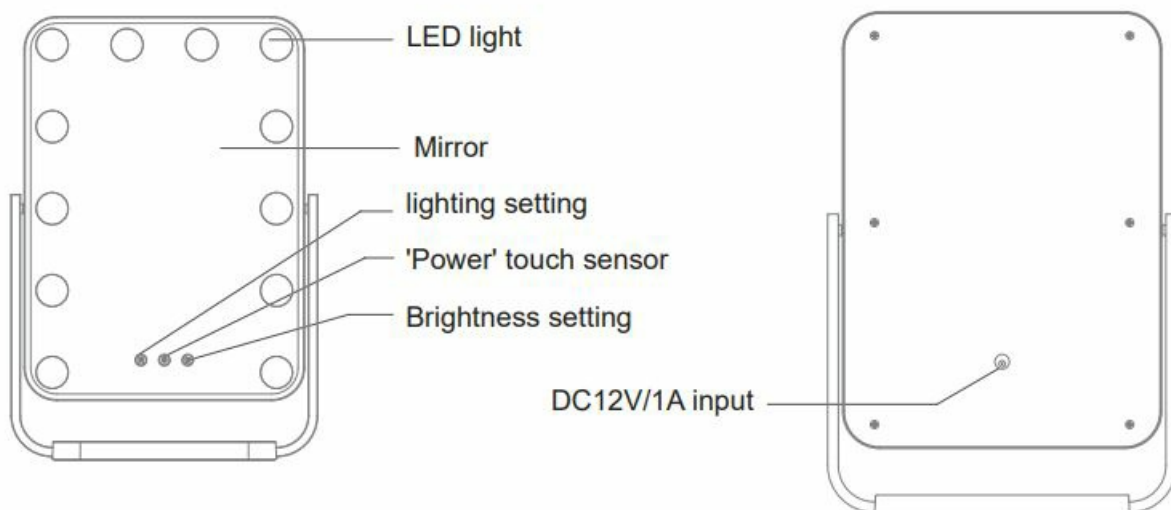

Safety Instructions

- Do not disassemble or alter the components of the mirror.
- Press the touch sensor gently.
- Keep the mirror dry. Moisture reduces the sensitivity of the appliance. Make sure the mirror is completely dry before using.
- Turn off and keep out of direct sunlight when stored away.
- Keep out of the reach of children.
- Do not use the mirror if it is faulty.

Frequently Asked Questions

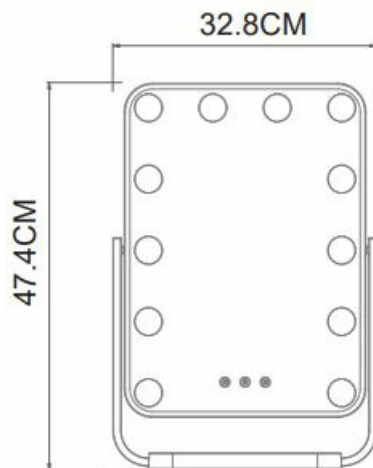

- **Can I use a different adapter with this mirror?**
 - No, please use the original adapter DC12V/1A to ensure proper functionality.
- **How do I adjust the brightness of the lights?**
 - Hold the brightness button to adjust the brightness to your desired level.
- **What are the different lighting settings available?**
 - You can switch between warm, natural, and cool lighting by pressing the lighting setting button.
- **Can I use the mirror in the bathroom?**
 - No, it is recommended to keep the mirror dry and away from moisture.
